Aloha,

I am writing you to express a need for a safe, functional meeting place in our community. A center for our children to play, our people to gather, and a centralized area for volunteer work to support our neighbors in need. I am a senior who would love to host activities to connect with other kupuna in our area who aren't able to attend the Pahoa and Hilo senior centers due to lack of transportation. Please take our community's needs into consideration.

Mahalo,

Sharon Hamm
