

**You are invited to attend the  
Disaster Emergency Resources Meeting  
Friday, June 15th at 1:00 p.m.  
USDA DKI PBARC ARS Conference Room  
64 Nowelo Street \* Hilo  
(Zoom access available via computer and phone)**

Aloha Hawaii Floriculture Industry Members,

The Hawaii Floriculture & Nursery Association (HFNA) is concerned about our nurserymen and women who are experiencing hardships due to the volcanic eruptions and lava flows. We are working to source out the federal, state, and county resources available so you will be prepared in the unfortunate event you have need of the programs and services available.

At our Disaster Emergency Resources Meeting, representatives from USDA, Hawaii Department of Agriculture, Hawaii County Department of Research & Development, UH-Manoa CTAHR and others will give short presentations explaining the programs and services they have available for those affected by the current losses and displacements due to the lava flows and volcanic emissions.

We will have Zoom capability available for those of you who cannot attend in person. You may attend via computer or phone; however, you will need to **advise us no later than Wednesday, June 13th** that you wish to attend via zoom. We need time to set up your invitation which will include instructions on how to connect with the meeting.

We would appreciate your **RSVP no later than June 13th.**

Please feel free to pass this invitation on to anyone you feel would benefit from attending this meeting.

Aloha,  
Judy
