Subject: comments to General Plan 2040 Draft

Aloha all,
I just wanted to say your mini speakouts were wonderful.
You were all great to work with!

I have one comment:

Whenever a permit is submitted, the CDP planners should be allowed to take part to review subject application, and make recommendation, in a letter for the public to review. Especially in the Special Management Area. Just like the Police dept., Fire dept, Public works, Water dept. etc.

Much Mahalo,
[REDACTED]
