Subject: Objection to proposal on hosted STVR

To whom it may concern,

I strongly object the proposal in the general plan of how 'hosted' stvr's will be treated (as b&b). (Section 5 pg 135)

Anything which limits and restricts the ability for owners to rent out the home they own is a limit on the owner to be able to afford the home (**i.e.this WILL reduce affordability and reduce your tax revenues**). So if your interest is the common home owner then no to minimal restrictions on the home owner should be placed.

I own a unit in Waikoloa Village.

Best regards,
