Subject: Comments re the Draft General Plan 2040

Dear Planning Director:

I would like to comment on the Hawaii County Draft General Plan 2040, specifically re the Resort designation at Mal

The rationale would be that the North Kohala Community Development Plan calls for the purchase of four coastal properties including the land between Mahukona and Kapa'a Parks for public use with the 2% Open Space Fund. Keep Kohala. Furthermore, wording in the new General Plan is so coastal friendly it would prohibit building a resort and gated community at Mahukona if the owner were to apply for the designation today. Thus the map is NOT consistent with the Draft Plan.

Mahalo,
