Subject: Comments re the Draft General Plan 2040

Dear Planning Director:

I would like to comment on the Hawaii County Draft General Plan 2040, specifically re the Resort designation at Mal

I strongly urge you to remove the resort and the surrounding low density urban designation from the map, shown on p
(Draft General Plan Future Land Use Map for North Kohala District).

The reasons are the Public Access, Open Space and Natural Resources Commission (PONC) has listed the lands betw
two parks high on its annual list of priority purchases using the Open Space Fund for 12 years, and wording in the ne
General Plan is so coastal friendly it would prohibit building a resort and gated community at Mahukona if t
were to apply for the designation today. A lack of self-consistency within the document.

Mahalo,

[REDACTED] a concerned residence of North Kohala
