Subject: DPW - Roads in Poor Condition

Aloha Sue,

In response to the request at Finance Committee regarding Resolution 363-22, county roads classified as in poor condition based off the current Mandli System data collected in 2019-2020 are as follows:

District	Road Miles
1	68.67
2	26.81
3	38.76
4	12.04
5	18.24
6	28.80
7	15.14
8	10.87
9	29.38
Total	248.71

This data does not reflect road maintenance that has been completed after 2020, so some of the road mileage covered may have been improved since the last assessment. We are working with our Highways Maintenance Division to improve our records to reflect where conditions have been addressed.
