Ms. Susan Kunz, Administrator
Housing and Community Development
County of Hawai'i
1990 Kino'ole Street, Suite 102
Hilo, HI 96720

**Subject: Statement of Qualifications & Letter of Interest
Housing and Community Development, County of Hawai'i
for Fiscal Year 2023-2024**

Dear Ms. Kunz:

G70 is pleased to express interest in providing professional services for Housing and Community Development, County of Hawai'i for the Fiscal Year 2023-2024 in the following categories:

OH.5) Community Planning (Community Engagement, Strategic Planning)

Established in 1971, G70 is Hawai'i's largest full service multi-discipline design firm providing integrated services for sustainable development in architecture, civil engineering, planning and environment, geographic information systems, technology, and interior design. Our team brings a collective high level of talent unique in our approach and broad thinking from typical firms. G70's team will:

- ✓ **Create Value** – understanding our client, culture and community to design innovative solutions that deliver a successful project on time, and on budget.
- ✓ **Provide a “One Stop Shop” of Skilled Professionals** - collaborative and multidiscipline team of professionals including engineers, planners, architects, interior designers, information technologists, cultural specialists, software engineers, GIS technicians, graphic designers, asset managers, and communications personnel.
- ✓ **Be Culturally Relevant in Design and Project Management** – years of experience and involvement with the local culture, community and government agencies allow us to deliver successful projects.
- ✓ **Promote Sustainable Principles** – delivering solutions that consider the context of the project using a cross discipline, life cycle perspective to integrate and protect resources and the community.
- ✓ **Leverage Technology** – knowledge and ability to utilize technological tools to provide efficient and valued added service.

1. The name of the firm or person, contact information including email address, the principal place of business, and location of all of its offices;

Name of firm: Group 70 International dba G70
Firm Address: 111 S. King Street, Suite 170
Honolulu, HI 96813

Contact Person: Kāwika McKeague, AICP, Principal Planner
Email Address: kawikam@g70.design
Phone number: (808) 523-5866

2. The age of the firm and its average number of employees over the past five years:

G70 was founded in 1971. We have averaged 100 employees over the past five years and we currently have 107 employees.

5. Any promotional or descriptive literature which the individual or firm desires to submit.

We have provided supporting data for G70 to include:

- Company Profile
- Key Personnel Resumes
- Project Profiles

We appreciate your consideration of our firm for the above listed category. Should you have any questions, please contact me at (808) 523-5866 or by email at kawikam@g70.design .

Sincerely,

Kāwika McKeague, AICP
Po'o Lelehua (Planning Principal)

company profile

about g70

FULL SERVICE

Established in 1971, G70 is Hawai'i's largest full service multi-disciplined design firm providing integrated services for sustainable development in architecture, interior design, civil engineering, and planning & environmental services. We have specific expertise in design for resort communities, residential projects, educational and medical facilities, mixed-use commercial ventures, utilities and roadway infrastructures, and all phases of master planning for major land holdings.

CREATING VALUE

Based in Honolulu, G70 is staffed with over 100 full-time professionals, including: licensed architects, interior designers, civil engineers, planners, technical specialists, and other support personnel. The firm is on the forefront of sustainable design practices with 33 LEED (Leadership in Energy and Environmental Design) accredited professionals in all areas of service.

CULTURALLY RELEVANT

G70 is about stewardship. Our work begins with understanding our client, the host culture of each project, and the surrounding community. We work with communities to create designs that not only best serve the people, but also incorporate the cultural, historical and environmental aspects of the land.

SUSTAINABLE DESIGNS

Sustainable principles cross all disciplines in project development from planning to design, integrating land resource management and cultural heritage with cutting edge sustainable technology. G70 offers sustainable design methods and tools to plan, build, and monitor the utilities and infrastructure of a project site. We provide asset management resources to maintain, secure, and optimize operating costs for land owners and developers.

TECHNOLOGY

G70 is progressive in its use and application of design software to enhance visualization and bring efficiency to the design process. Our current list of software being utilized is:

- Revit 2018, 2020
- Dynamo Revit
- AutoCad 2018, 2020
- SketchUp Pro 8
- Photoshop
- Illustrator
- InDesign
- Rhino 5 5
- BIM 360
- Google Earth Pro
- Grasshopper Arc GIS
- Lumion 6.0
- Civil 3D 2018, 2020
- Arc GIS
- Infracore
- Formlabs

G70 services

ARCHITECTURE

G70 designs architecture that represent the lifestyles of communities and respect the natural landscape surrounding each project. Our emphasis on cultural context, honoring traditional values, combined with contemporary innovation and planning of sustainable environments creates harmonious, memorable designs for our future.

CIVIL ENGINEERING

Civil Engineering Consulting Services include the full range of services for a civil consulting firm. Our capabilities are broadened significantly with the overlapping services and abilities of G70, including Planning and Environmental Services, Land-Use Permitting, Architecture, Sustainable Development, GIS and Geospatial Services, and Asset Management.

INTERIOR DESIGN

We believe that interior spaces should have a timeless quality and compliment the architectural style of its environment. Our team includes architects specializing in interior design. We offer custom designed finishes, furniture and architectural elements that offer signature details to enhance our client's individual style.

PLANNING & ENVIRONMENT

G70 provides comprehensive services to meet the challenges in the planning of communities, regions and the preservation of land resources. We engage the community in the process, assess the land, and prepare the necessary documents to expedite the due diligence process in a timely manner.

sustainable design

APPROACH

HONOR & INTEGRATE

With a deep understanding of an area's culture, heritage, and history at the onset of the design process, G70 is able to create distinctive, award-winning environments, richly appealing, harmonious and increasing in value over time. This is the foundation of good planning and design.

RESPECT & UNDERSTAND

We are committed to sustainable design principles, approaching each project with in-depth research of the site, to understand its environmental context, geological and topographical features, wind and solar characteristics, and historical and cultural background. We provide innovative GIS and 3D visualization to assist in planning, design and decision making.

PLAN & MAINTAIN

G70 offers sustainable design methods and tools to plan, build, and monitor the utilities and infrastructure of a project site. With GIS capabilities and state-of-the-art software, we provide asset management resources to maintain, secure, and optimize operating costs for developers.

LEAD FUTURE DESIGN

Our mission is to foresee a sustainable future now: to initiate, plan, design and build the best-in-class projects that demonstrate leadership in the global sustainability theater.

sustainable design

INNOVATION

EXPERTISE

G70 is on the cutting edge of sustainable development, recognizing the importance and impact of built environments of all types and sizes on individual lives, whole communities, and the entire planet. The firm's resources include a growing number of in-house LEED AP architects, planners, and interior designers working strategically with our clients and partners.

LEED SERVICES

- Pre-evaluation: identifying economically viable LEED compliance
- Certification: processing and documenting a project through design and construction
- Post-Certification: providing project asset management to ensure long term performance
- Water Efficiency Improvement Assessment
- Credit Products & Technologies Specification
- Credit Innovation & Design programming

ACCOUNTABILITY

Our Sustainable Development Division created a proprietary methodology to map specific LEED components such as potable water consumption, graywater utilization, energy consumption, carbon footprint, waste generation, and open space. Following certification, G70 will monitor the ongoing performance of LEED certified projects. This innovative process ensures that the LEED building performs as designed throughout its life.

Services Overview

G70 provides a variety of services to meet the complex challenges of planning land resources and diverse communities with a sustainable future. Our extensive experience in all phases of the development process includes Master Planning, Community Building and Land Use Entitlements. We are staffed to manage large-scale Environmental and Physical Planning with architecture to create appealing, sustainable settings.

Our urban and environmental planners collaborate with in-house cultural experts, as well as solicit community input to incorporate historical and cultural elements in our planning process. Before proceeding with any project, we ensure that our environmental studies and land use plans are accepted by the community and the approving agencies.

G70 provides landowners and government agencies with the full range of land use permitting and entitlement services at both the State and County levels.

G70 planning services include:

- Community Master Plans
- Resort Master Plans
- Educational Campus Plans
- Regional, General and Specific Plans
- Urban Design Plan / Design Guidelines
- Park and Open Space Plans
- Community Involvement and Facilitation
- Feasibility Studies and Alternatives Analysis
- Land Use Permits
- Development Constraints Analysis (regulatory, environmental, technical)
- Regional and Area-wide Land Use Planning
- Detailed Property and Site Assessments, and Due Diligence Reporting
- Environmental Assessments and Environmental Impact Statements
- Cultural & Historic Resource Management

MARK KĀWIKĀ MCKEAGUE

AICP
Principal Planner
Director of Cultural Planning

Kāwika's background, experience, and passion provides a unique and knowledgeable approach to land use planning and cultural resource management. Kāwika effectively administers and advocates a Native Hawaiian perspective in environmental and land use planning, and architectural design and space programming. He brings over 20 years of experience in facilitating local and national level planning efforts for private, public, and non-profit sector clients. His work includes the preparation of Master Plans, Cultural Resource Management Programs, Environmental Impact Studies, and facilitating community dialogue.

JEFFREY H. OVERTON

AICP, LEED AP
Principal Planner

As Principal Planner, Mr. Overton leads the preparation of Master Plans, environmental impact documents, land use permitting, and community involvement for private developments, military installations, and government projects. His experience spans over 35 years of Environmental Impact Statements and permitting for residential communities, infrastructure and utilities, renewable energy projects, government facilities, scientific installations, schools, resorts, commercial/mixed-use centers, and recreational facilities. Mr. Overton directs community and area-wide Master Plans, site selection studies and urban design plans, and provides expert testimony before State and County land use authorities.

SELECTED PROJECTS:

Kamehameha Schools - Kapālama Strategic Implementation Plan & Master Plan
Kapālama, O'ahu

Kamehameha Schools - Kohou TOD Residential Development
Honolulu, O'ahu

Kamehameha Schools - North Shore Lands Master Plan
North Shore, O'ahu

Kamehameha Schools - Keauhou Bay Management Master Plan
Keauhou, Hawai'i

Kamehameha Schools - Hale'iwa Store Lots Master Plan, Zone Change, Environmental Assessment
Hale'iwa, O'ahu

Kamehameha Schools - Waipahu TOD Residential Development
Waipahu, O'ahu

Kualoa Ranch - Master Plan, EA, Permits
Kualoa, O'ahu

Kualoa Regional Park Wastewater Systems - EA, SMA Permit

PAUL T. MATSUDA

P.E., LEED AP
Principal
Director of Civil Engineering

Paul Matsuda, P.E., LEED AP is a principal and the Director of Civil Engineering of G70. Paul has more than 20 years of civil engineering experience in a wide variety of site development, transportation and utility infrastructure projects throughout Hawai'i and the Pacific Northwest. He is responsible for management and delivery of the firm's engineering projects and is actively involved in design and project management for many of them. Paul received a Bachelor of Science degree in civil engineering from the University of Washington and is a licensed professional in Hawai'i, Oregon, and Washington.

SELECTED PROJECTS:

Department of Hawaiian Home Lands - Waimea Nui
Waimea, Hawai'i

Department of Hawaiian Home Lands - Moloka'i Homesteads

RYAN M. K. CHAR

P.E., LEED AP
Principal

Ryan has 15 years of experience working on civil engineering and land-use planning projects in Hawai'i and California. Ryan's experience includes master planning, design, permitting support, and construction management for various commercial, educational, residential, and infrastructure site developments. As a principal engineer, his duties include overseeing the Civil Engineering Division at G70 as well as fulfilling company-wide management, operational, and training responsibilities. He directs the preparation and production of engineering drawings, plans, reports, specifications, and cost estimates. His experience in Hawai'i and in the greater Los Angeles, California areas has been diverse but also includes an emphasis in educational campus infrastructure master planning and design, as well as stormwater management, including design of new Low Impact Development stormwater quality Best Management Practices and controls.

CODY WINCHESTER

DMHA, AICP
Environmental & Land Use Planner

Mr. Winchester has 6 years of professional experience in Hawai'i, and specializes in Disaster Management and Community-Based Resiliency Planning. He prepares environmental impact documents, applications for various land use permits, master plans, design guidelines and technical assessments of climate change factors. Cody excels in presenting technical data in clear, understandable language for decision-makers. Mr. Winchester is certified through FEMA with Community Planning for Disaster Recovery, Volcano Crisis Awareness, and Decision Making. He has also trained with the American Red Cross in Disaster Assessment and Sheltering Services. Prior to joining G70, Cody worked on coastal hazard adaptation research and training programs at the National Disaster Preparedness Training Center.

project profiles

City & County of Honolulu Alapa'i Joint Traffic Management & Emergency Operations Center

HONOLULU, O'AHU

G70 provided programming, conceptual design and entitlement services. This includes an Environmental Assessment and a Special District Major Permit for two facilities at the existing bus transit site in Downtown Honolulu. These facilities, collectively known as the Alapa'i Transit Center (ATC) and the Joint Traffic Management Center (JTMC), house operational activities of The Bus and various City and State traffic management and emergency response departments for the purpose of daily and emergency coordination.

ISLAND OF O'AHU

G7o teamed with Atkins and the Department of Emergency Management to identify refuge areas and develop evacuation route plans for use in the event of a tsunami warning notification for the City and County of Honolulu. Approximately three-quarters of the island's coastline is included in this project. In addition to working with community groups to identify potential shelters and understand local issues, G7o provided GIS expertise including data collection, GPS field verifications and mapping, and GIS-based refuge capacity analysis.

Commonwealth of the Northern Mariana Islands Standard State Mitigation Plan

NORTHERN MARIANA ISLANDS

The Commonwealth of the Northern Mariana Islands (CNMI) Standard State Mitigation Plan (SSMP) was developed to fulfill the requirements of the Disaster Mitigation Act of 2000. The SSMP is a multi-hazard natural disaster mitigation plan, integrating multiple facets of information using FEMA's HAZUS program and independent data and research gathered by the project team. Hazard profiles were developed for typhoons, tropical storms, floods, tsunamis, earthquakes, volcanic eruptions, drought, and wildfires. A component in this study was the use and application of a Geographic Information System (GIS) in completing an asset inventory and loss evaluation that included identifying key cultural, archaeological, and historical resources assets.
