Terraformation Inc.  
PO Box 3470, PMB 15777  
Honolulu, HI 96801-3470

Aloha Mr. Zendo Kern,

Please accept this formal Expression of Interest on behalf of Terraformation to be considered as a Professional Service Provider for the County of Hawai'i Planning Department.

Terraformation is a global restoration company headquartered and based on Hawai'i Island, we are dedicated to solving the climate change crisis through reforestation. Our local team of experts is focused on restoring land from seed to forest. By focusing on prioritizing the restoration of native ecosystems, we can preserve biodiversity, enhance ecosystem services, and create a sustainable future for communities and the environment.

Our team at Terraformation provides services to land stewards and sponsors who are dedicated to native ecosystem restoration and agroforestry. We research, test, develop, and implement solutions for reforestation. As you can see in the attached Statement of Qualifications, we have a wide range of highly qualified team members, especially in the areas of Botany, Forestry, Plant Pathology, Natural Resources Management and Biological Sciences.

We are excited about the possibility of working with the County of Hawai'i, and hope to be considered as a candidate for professional services. We feel especially qualified in the areas of:

- PL. 2 (Botany - Botanical or Flora Survey),
- PL. 12 (Plant Pathology/Plant Physiology/Forestry - Arborist)
- PL. 13 (Wildlife Biology - Fauna Survey)

We hope to become a valued partner to the County, and look forward to hearing from you.

Mahalo,

Kate Logan  
Head of Business Development, Hawai'i
