

Aloha everyone,

Thank you for taking the time to review this hypothetical schedule for upcoming Youth Commission meetings. I have reviewed the county council schedule and found dates that do not contradict council meetings. CM Kagiwada, please confirm the times below with the county council and reserve the chambers if possible. It has been noted to me by multiple commissioners that the current time (3:00 - 4:30 PM) makes it difficult for them to attend meetings in person. Based on the Honolulu Youth Commission, I propose a new meeting time (5:00 - 7:00 PM) for future meetings effective May. This way, we can ensure that commissioners can make the drive from East to West and vice versa in time. I added potential details/agenda items of future meetings that aren't confirmed or set, but I added them for your consideration. I look forward to hearing from you soon! If these dates/times work, we can confirm them at the next meeting!
