FOR IMMEDIATE RELEASE
September 10, 2024

Waikōloa Road Rehabilitation Traffic Modifications Planned to start on September 23

The County of Hawai'i Department of Public Works Engineering Division is continuing the Waikōloa Road Rehabilitation project, which spans from Māmalahoa Highway to Queen Ka'ahumanu Highway. This project involves pavement removal and replacement, updating road signage, the placement of new road striping and markings, erosion control, BMP measures, and other related improvements.

Traffic will be modified to one lane in each direction between Ehu Kai Loop and Paniolo Avenue. Work will begin on Monday, September 23, 2024, and is expected to continue through October 11, 2024.

Contractors will be on-site Monday through Friday, from 7:00 a.m. to 3:30 p.m., with possible extensions to 5:30 p.m., to maintain safe conditions for the public during daily paving operations. This schedule is subject to change depending on weather and conditions. Expect traffic delays and the presence of large trucks, equipment, and personnel on the roadway.

Motorists and bicyclists are urged to obey traffic regulations and follow traffic control signs. Please avoid entering active work areas marked by traffic control signs and delineators. Alternative routes are encouraged during working hours.

The County of Hawai'i Department of Public Works appreciates your patience and understanding during this project. If there are any questions or concerns, please contact Goodfellow Bros. LLC at (808) 887-6511.
