Subject: general plan
Date: Thursday, October 31, 2024 10:22:18 AM

Aloha,

I have some concerns regarding the acquisition of land. Whose land can be subject to this?
We do not want our land rights to be taken away with this plan.

Also, in regards to mass transit, please update the plan to include more routes for the working folks. Currently only one bus runs from Ocean View to Hilo in the morning. It arrives after 9 am which is too late for most folks going to college or working.

There is only one bus that comes back to Ocean View in the evening and it leaves at 3:40. This is before college classes are out and people get off work.

Please consider the working folks when you talk about transit use.

Mahalo
