Subject: lack of commissioners not listening to testimonies

I, wish these appointed planning commissioners would take an accounting of the
testifiers""""""

How many FOR general plan 45

How many AGAINST general plan as written { even after taking out the word
"STAKEHOLDERS"}

Show transparency

Show fortitude

My testimony still stands : NEW REGUIME UNDER MAYOR KIMO
NEW GENERAL PLAN created for 2045

Did you commissioners hear the pleas of taxpayers / voters about the chapters that refer to
"15 minute cities"????????????????????????????

I would like this testimony on email, to be read aloud , since I must prepare for small claims
court case on March 12th, hilo courthouse 9am room 2-C
