

I swear that I will truthfully express the will of the creator on the matter before me.

Lori Pasco. — I live in Kurtistown

Good morning (afternoon) Planning Commission Members,

The vast majority of the testimony from inhabitants of Hawaii county, have used their voice and writing skills to direct you to vote to **NOT** recommend the Hawaii County General Plan 2045.

The living and breathing inhabitants of the County of Hawaii have given you their mandate for non-support of the plan in part or in whole.

You must pass this NO recommendation on to the County Council because this is the will of the people of Hawaii County.

To respect these people who have come forward and responded to the plan, you must put in writing with your recommendation, a summary of all the concerns, which the inhabitants have clearly, honestly and sincerely brought forth to you.

The Lawful Hierarchy of the land is :

God. People. Government (you) — with God the creator at the top and “we-the-people” above government.

You, as a neighbor, and a peer, and an equal, are now in a subservient role as a Commission members.

You have heard and understood that you will give voice and substance to the inhabitants’ concerns. And that you will work with **inspired action**.

We expect you to pass on to the County Council, our many concerns associated with this plan, and our **no** vote and your **non-approval** of this plan.

You have no other lawful alternative but to reject this plan in its entirety, in order to “secure the blessings of liberty for ourselves and our posterity”.
