Subject: THE FIRST GLOBAL REVOLUTION
Date: Monday, March 10, 2025 12:43:31 PM

Please do not approve the General Plan 2045.

It is not for the people of Hawai'i. It is about the infrastructure for global governance by the corporate stakeholder elite who do not belong here.

It will be the loss of life, liberty and the pursuit of happiness of the generations to come.

It was hatched by the Club of Rome in 1991. Club of Rome who openly claimed authorship of global warming in its 1991 book, The First Global Revolution:

"In searching for a common enemy against whom we can unite, we came up with the idea that pollution, the threat of global warming, water shortages, famine and the like, would fit the bill."
