Subject: Item V. New Business - Bill 83, Draft 2
Date: Monday, October 20, 2025 7:21:14 PM

Aloha Environmental Management Committee,

I am writing to urge you to support Bill 83, Draft 2, and its amendments, and to send a favorable recommendation to the full County Council.

Plastic pollution is one of the greatest threats to our island's health, ecosystems, and future generations. Every year, more than 11 million metric tons of plastic enter the ocean, breaking down into microplastics that now contaminate our air, water, and even human blood and organs. Hawai'i's marine life—turtles, seabirds, and fish—are ingesting plastics at alarming rates, and these same toxins enter our food chain. I also wish to acknowledge the laborious attention by the working parties and civic organizations to promote this landmark legislation for our island.

P.S. I am too old and tired to go on many more 'beach cleanups'. Let's reduce opala at the source!

Mahalo!
R A Culbertson
