Subject: I need my rental income

To who it may concern: I'm a 62 year old retired guy. I love this state and the culture here on this island. If I don't have that rental income I won't be able to afford to live here ? There are plenty of people in the same boat as me. I pay my taxes every month. So the state is getting their money! Also the people that come here and stay at our home tell me that they wouldn't have come to Hawaii if they didn't have a air bnb to stay at because there family couldn't afford to stay a a hotel because it's to expensive and the Airbnb makes it affordable. Please don't shut us down!
