SECOND SUPPLEMENTAL TESTIMONY: 11-3 COMPROMISE

TO: COUNTY OF HAWAII REDISTRICTING COMMISSION 11-3-11 MEETING

1. This Plan 40 (11-3) is a compromise between Plan A, Brenda Ford's, and previous versions of Plan 40 (through 11-1): While could still use some editing, the key points in this Compromise Plan are as follows:

The communities that were on different sides of a boundary on Plan A versus Brenda Ford's or on Plan 40 (11-1) -- are "shaved" -- such that each has a major portion of its community in one District and a smaller area in a second district of interest. Hamakua District is preserved -- extending into eastend Waimea and into Hilo (south of the Wailuku River) only to extent necessary to meet the legal population percentage requirements.

Please give this compromise your consideration.

2. Ultimately you as Commissioners must decide which question should you as our Commissioners ask yourselves?

**--A. Which Redistricting Plan is most advantageous for YOU OR YOUR FAVORED COMMUNITIES alone?**

or

**-- B. Which Redistricting Plan is the FAIREST - MOST PONO - PLAN OVERALL?**
