SUBJECT: Reappropriations for Puna Projects: Budget Year 2016-2017

Aloha Director Kanuha,

We are transmitting the enclosed FIS forms for Puna projects that have lapsed or will lapse at the end of 2015-2016 FY. At the end of this fiscal year (2015-2016) most of Puna's CIP appropriations will have lapsed. We request your assistance in getting some of Puna's projects re-appropriated. We are not asking for any new appropriations at this time. Please forward our CIP requests to the appropriate agency for their consideration as part of their 2016-2017 FY CIP proposals.

The Puna CDP Action Committee thanks you for your time and assistance in getting these requests re-appropriated.

Sincerely,

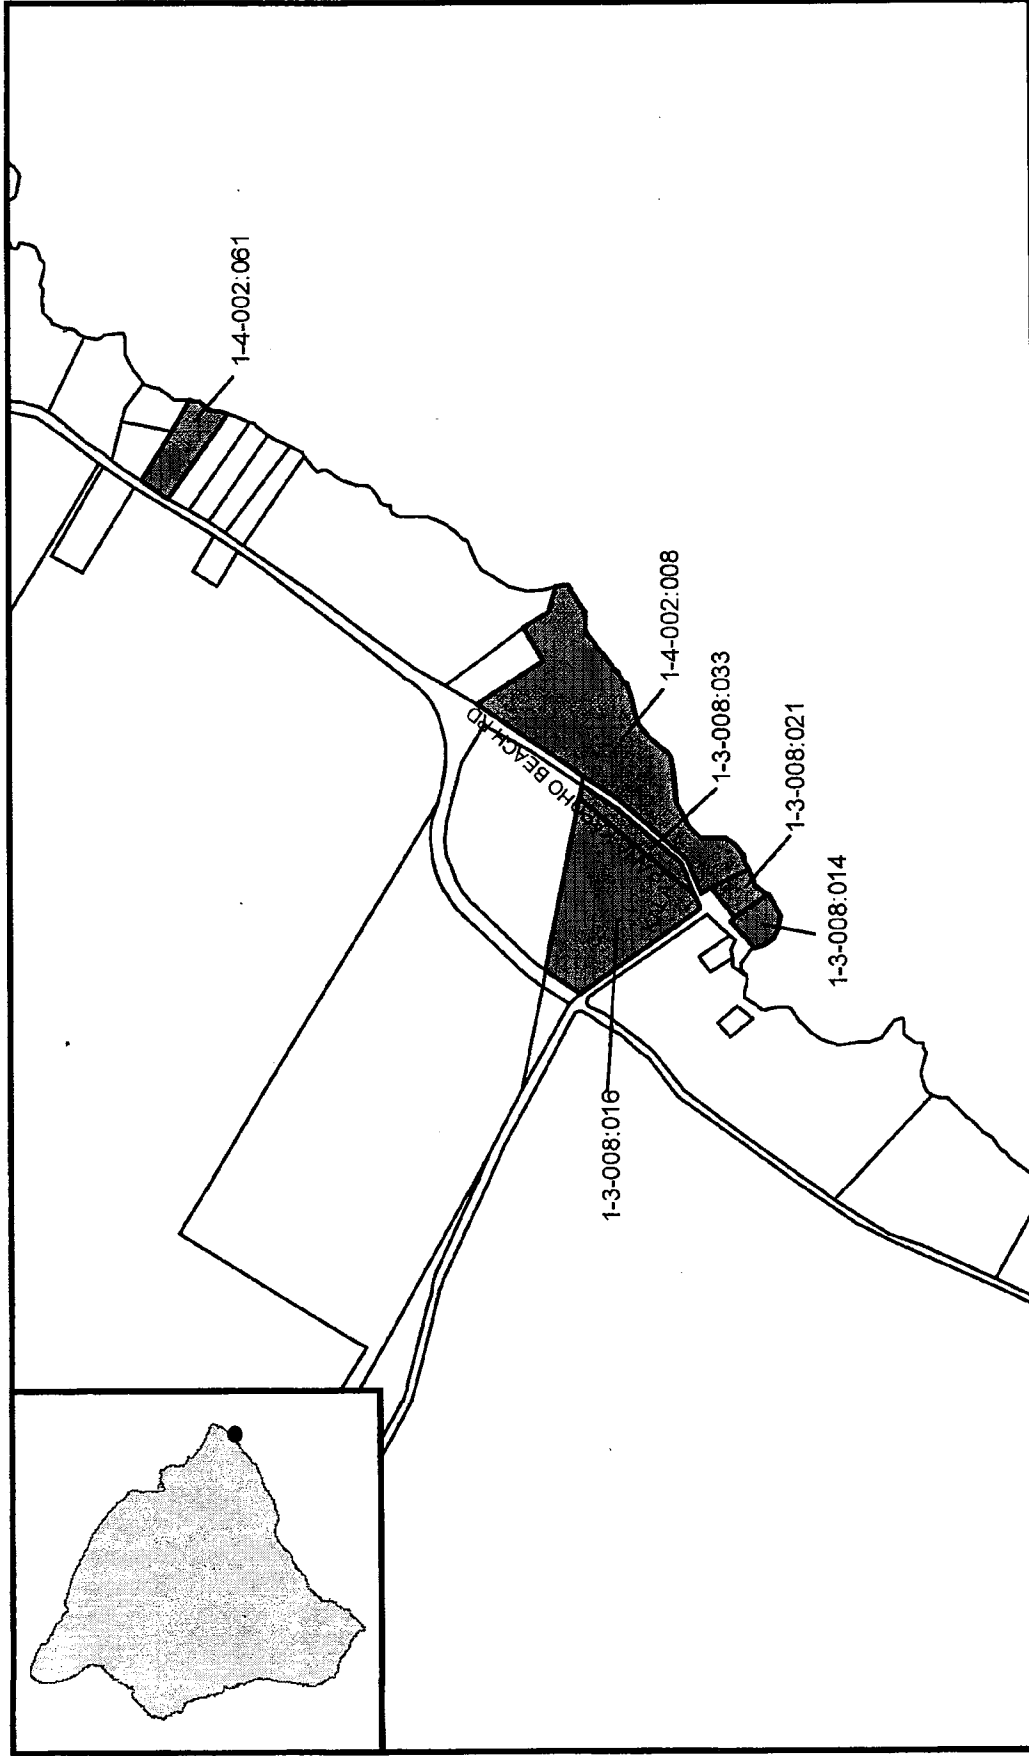

Patti Pinto, Chair
Puna CDP Action Committee

7. LOCATION (COUNCIL DISTRICT):	5	8. TOTAL COUNTY FUNDS NEEDED THIS FY:	\$35,000	
9. CAPITAL PROJECT ELIGIBILITY (List Criteria): Infrastructure improvement; remodeling existing infrastructure, roadway safety concerns				
10. PROJECT/PROGRAM DESCRIPTION: Conduct a study to determine the feasibility of developing a biking and walking pathway within or adjacent to the Hwy. 137 right-of-way. The study should include preliminary alignment and design recommendations that would be consistent with the anticipated designation of Hwy 137 as a scenic byway under the State Scenic Byways Program.				
11. PROJECT JUSTIFICATION & OUTCOME(S) (List all that apply): Addresses public health and safety as there are a number of existing subdivisions along the Hwy. 137 corridor that are experiencing rapid population growth. Heavy foot and bicycle traffic along roadway is routinely exposed to traffic hazards due to lack of shoulders with narrow vehicular travel lanes and sight distance issues. This project would also enhance the quality of life by providing the public with safer and more user friendly facilities for outdoor exercise and enjoyment of this scenic coastal area.				
12. LONG RANGE PLANS/COMMUNITY VALUES: HDOT has accepted an application for Hwy 137 to be designated as a Scenic Byway and a community-based effort to create a Corridor Management Plan is underway. PCDP: 4.5 NON-MOTORIZED TRAVEL AND SCENIC BYWAYS- Within Puna, bicycle and pedestrian facilities are very limited. Scenic Byways are somewhat of a hybrid between a highway and

10. PROJECT/PROGRAM DESCRIPTION: Design and develop scenic overlook turnouts near mile markers 15 and 17 where the old part of the highway remains following realignment of Hwy. 137 due to erosion. Project to include repaving East and West entrance to old part of roadway to old part of roadways to make it safe for vehicles to park along new proposed scenic roadway overlook. Clean up vegetation and plant new landscaping in land area between old road and new road. Placement of benches and possibly pavilion with picnic tables and trash receptacles.									
11. PROJECT JUSTIFICATION & OUTCOME(S) (List all that apply): Addresses public health and safety by providing a more direct and safer access route to scenic overlook. Enhances quality of life.									
12. LONG RANGE PLANS/COMMUNITY VALUES: Hwy 137 has been designated as a Scenic Byway by the State and efforts are underway to create the required Corridor Management Plan. This project will benefit the community and tourists visiting the coastal area providing a safe turnout to view the coast line and take pictures versus parking in the roadway. PCDP: 4.5.3 Actions f. Project to include installation of 8" water main (\$98k) for tie in to existing 8" water main at Pahoa Village Rd. or eventual connection to new main in Pahoa Village Rd. if needed, and sewer main (\$382k) as may be identified in the Pahoa Regional Town Center Plan when adopted.										
11. PROJECT JUSTIFICATION & OUTCOME(S) (List all that apply): Addresses public health and safety by providing a more direct and safer access route to Pahoa Park able to accommodate team sport buses. As a Regional Town Center, Pahoa's transportation infrastructure is substantially inadequate due to limited roadway connectivity, extremely narrow road right-of-ways that experience frequent traffic congestion and do not provide safe accommodations for bicyclists and pedestrians. Pahoa and the surrounding service area has been historically underserved and has the lowest per capita income in all of Hawaii County.
