RE: Land Fund

Aloha Daphne Honma, David Fuertes, Alapaki Nahale, Casey Jarman:

Please support the 2% land fund. It is essential that our future generation of young people have open places in order to connect with the land, their culture and their heritage.

A good example of this was the recent event in Kohala--Ka Hana Noe'au. Mr. David Fuertes, who I had a pleasure of meeting, this weekend did an excellent job of connecting our young people to the land and their elders/mentors. Without a land, our young people will not be able to continue to perpetuate the legacy of our ancestors.

Please support the 2% land fund.

Aloha, Lei Kihoi
