

LAND FUND

I have lived here in Hawaii for 25 years and I would like to see a good portion of it preserved for the future generations. We in the case of land protection need to live in the future. We need at this time to forget fiscal problems they come and go administrations come and go, politicians come and go, businesses com an go, you and I come and go land preserved does not come and go. Save more of Hawaii in its natural beauty,Act now or have this on your Karma
