2% LAND FUND

Aloha:

Please continue with the 2% fund for purchase of conservation land. I have lived here for 53 years and watched our 'aina developed by private land owners. Our historical sites are more than ever in danger of development. I am afraid that my mo'opuna will not experience the 'aina as I have and my parents before me. Jobs come and go however, once the land is developed it will never be the same.

The people chose by vote to put 2% of the funds for this purpose. As representatives of the "people" you are obligated to hear our voices.

Mahalo,
Waimakalani Iona
Hawi, Hawai'i
