2% LAND FUND

As a former Commissioner on the Land Fund Commission I am outraged at the raiding and slashing of the overwhelming public authorization of this funding! The will of the majority of registered voters has been blatantly and callously overridden on the whim of our shortsighted current administration. I openly challenge the Charter Commission to justify their override of this publically authorized and supported mandate. We will challenge this!

Sincerely
Paul H. Campbell
former 2% Commissioner
former Chair, Sierra Club Hawaii, Moku Loa Group
