REINSTATE THE 2% LAND FUND NOW

Good Morning,

As home owners, tax payers and residents of the Big Island, we support, request and insist that the 2% Land Fund is re-instated.

We the people have spoken before regarding this but it has gone in one ear and out the other. Now is the time to purchase land and set it aside so that it may be available as open space and/or parks for our children's children. If we do not do it, who will.

Please feel free to contact us with any questions or concerns.

mahalo,
