Subject: Mahukona

To whom it may concern,

I swim at Mahukona every other day, the ocean is so healing for me and I live in Hawi.

I don't want to see any development, any resort all around Mahukona.

Mahukona is for the people who live in Hawi and Kapa'au and we need to keep it the way it is.

There are enough resorts on the Big Island and Mahukona is not a place that the tourists would be attracted to. There is no beach, just an old pier with a ladder to get in the water.

It's for the locals, the fisherman, the families that live in North Kohala.

Please do not build a resort there, we need to protect the land for the generations to come.

My son-in-law is half Hawaiian, his mother is from Hawi and he is a fireman-paramedic in Kapa'au.

I have 3 grandkids and my grandson loves to fish there.

Thanks for your understanding.
