Subject: North Kohala - Mahukona - please eliminate resort designation

The North Kohala shoreline and open lands near Mahukona Harbor need to be held in trust for the people of this district. The designation of resort must be removed to preserve this precious resource.

This coastline is still unpolluted by construction and it needs to stay that way so the local people can continue to harvest food and enjoy the healing and peace that this coastline offers.

Our local community, spearheaded by the amazing [REDACTED] has put many large oceanfront parcels into conservation trust for this community. This piece must become part of the package.

Please do the right thing and eliminate this land designation as resort. Respect the locals and honor this land.

Feel free to contact me regarding this.
