Aloha esteemed plan members:

When we worked for years on the CDP's (I worked on Hamakua's, with Christian Kay), we were told that when adopted, they would have the force of law, especially in regards to zoning.

Now we hear about possible changes. These must not happen. We are not the passive people we were years ago (TMT, bottling plant, HU HONUA). Everything you do will be scrutinized, and taken to court if necessary.

Our CDPs were approved, and we want them to stay that way.

A warm mahalo.
