Subject: Our opinion

Aloha,

I am from Atlanta and my wife and I bought a home in Discovery Harbor subdivision in Ka'u in 2014.

We are only able to come to our house three or four times/yr.

The reason I write is that we are not able to come in person to the listening sessions. I would like you to know that we are not in favor of any development in our area. The reason we bought there is the "ruralness" of the area. We like that.

If we were to come to a listening session, that is what we would tell you.

Mahalo.
