Subject: Discovery Harbour zoning

re: Hawaii General Plan for TMK (3) 9-4-001:020.

Request change from LDU to MDU which the majority of the community supports. The LDU designation is contrary to what the vast majority of Discovery Harbour residents hoped for . A very small minority of individuals stated at a CDP meeting that most of Discovery Harbour residents do not want development of this land and that it goes against our CC&R's. They were working with one of the CDP representatives who, for some reason, didn't read or understand that there is no interference with our CC&R's. The community is outraged that such a "sham" had changed the land use designation and that the CDP along with a few individuals blindsided the whole community based on false information.

Thank you. If you have the power to affect positive change, please strongly consider this appeal.
