Dear Mr. Gushard:

Re: Request for Certified Local Government Status

In accordance with the National Historic Preservation Act of 1966, as amended, and the Certified Local Government Historic Preservation Program in Hawaii, I hereby request Certified Local Government status for the County of Hawai'i's historic preservation program.

Enclosed are:

1. A copy of the county historic preservation ordinance including any amendments;
2. A list of locally recognized properties and districts, accompanied by brief statements on their historical significance, and street address;
3. A copy of the local preservation plan, if available, or a statement describing the long-range goals of the historic preservation commission and proposed activities to achieve the goals;
4. A list of the members of the historic preservation commission and completed biographical sketch forms for non-professional members and resumes for professional members;
5. A disclaimer letter regarding the absence of professionals on the commission;

Submitted to demonstrate that the County of Hawai'i has met the requirements for local government certification, as described in the program guidelines.

I understand that an additional requirement for certification is execution of a written certification agreement between the State of Hawaii and the County of Hawai'i specifying the responsibilities of the local government, and that upon certification the County of Hawai'i will be eligible to apply for special Certified Local Government matching grants to be used for eligible local historic preservation projects.

Sincerely,

Billy Kenoi

Dear Mr. Gushard:

Re: Professional Qualifications Requirement for Historic Preservation Commissioners

We have made a diligent search of the County of Hawai'i for Historical Preservation Commission members and have found the individuals whose names are forwarded to your office as part of the application for Certified Local Government status. The persons selected are well versed in local history and/or individually committed to historic preservation in the County of Hawai'i.

We have found one person who has been professionally trained in the historic preservation profession and who meets the Professional Qualification Standards, but the County of Hawai'i is too small to expect that there will be a diverse array of professionals who will be able to serve on the board for the future. One of the criteria to serve on the board is that they be from this County so it would not be possible for professionals from the other counties to join the board. However, we will continue our search and will add those professionals to the commission as the opportunity presents itself.

Sincerely,

Billy Kenoi
MAYOR

ACTION PLAN OF THE CULTURAL RESOURCES COMMISSION

The Hawai'i County Cultural Resources Commission will undertake the following:

First Year Goals and Activities – listed activities will begin in the first year and continue in following years.

1. Obtain training for commissioners, officials and staff in:
 - County and state historic preservation laws and procedures.
 - How to structure and manage public meetings and best methods for community engagement.
 - National Historic Register nomination process.
 - Historic District designation process.
2. Compile a historic properties inventory
 - Identify all existing historic properties inventories
 - Request and review SHPD's inventory; clarify how to coordinate with SHPD to compile a master inventory; determine where the inventory should be kept and procedures for accessing its information (i.e., certain site locations should not be disclosed).
 - Develop a format for the inventory and decide what information should be included in the record.
 - Decide how to best compile an inventory.
 - Identify how the public can contribute to the inventory.
3. Establish the overall purposes and philosophy of the Commission
 - Articulate the purposes and philosophy in writing for public dissemination (need to have realistic expectations).
 - Identify Commission's roles and responsibilities (good to clarify what the CRC is not, i.e., do not have enforcement or monitoring responsibilities).
 - Compile a list of criteria to help guide the Commission's reviews of permits, land-use applications, etc.
 - Provide a framework for knowledgeable people to have a voice in the perpetuation of cultural resources.
4. Draft and adopt the Commission's Rules
 - Study rules of existing Cultural Resource Commissions.
 - Draft rules for Commission's review.
 - After Commission's review and approval, present the draft rules to the public.

5. Identify the lineal descendants, persons, and agencies that the Commission should be working with and establish a schedule for regional visits for the Commission to learn about historic preservation needs throughout the island – suggest once/quarter. Should include experts, such as kūpuna and a historic preservation professional in regional visits.
6. Establish the priorities of the Commission
 - Develop criteria to guide decisions on priorities. This will be a dynamic process, as criteria may change as the Commission gains experience and knowledge.
 - Annual strategic planning will be undertaken to help identify the Commission's focus for each year.

Second Year Goals and Activities - numbers below correspond to the numbers used in First Year Goals and Activities

1. Training will be ongoing. Grant funding for training purposes will be sought.
2. Grant funding will be requested to speed up the process of compiling a useable and accessible inventory.
3. Begin a process of public education.
4. Finalize the Commission's rules.
5. Introduce the Commission to the lineal descendants, persons, and agencies that we should be working with. Partner with others as opportunities arise. Continue regional visits.
6. Establish priorities using the criteria agreed upon by the Commission. This will include Historic District designations.
