Good afternoon,

I realized I didn't give comments on this one until now so I apologies for the late response. Thank you Noriko for notifying me of the KVDC agenda which prompt me to look into this. As both proposed wall signs are identical, the comments are the same.

- 1) Chapter 3 section 3-58 (c) Any lettering or symbol, including free standing letters, shall not exceed nine inches in height except in the Kailua Industrial subdivision. Proposed letter height are 16" and the proposed logo is 30".

That concludes the comments.
