Aloha,

I will be providing a short video of a Canadian citizen that should be required viewing for all local politicians.

This is because 2045-style planning - a.k.a. Agenda 21/2030/Great Reset - is a global effort at top-down control, not just something the WEFers and their ilk are presently attempting to foist upon Hawaii County.

EVERYTHING the Canadian citizen says applies directly to us and to this proposed 2045 plan.

Not only the content, the particulars, of what he says are a graphic description of where such planning is taking us, but it's the reaction of the observers, the public, when he finishes, that is also worth noting.

Virtually **everyone stands up and gives him a STANDING OVATION** (yes, even the usually quiet, polite, mild-mannered Canadians :-)..)

People everywhere (including us) are WAKING UP.

Now we ask YOU to wake up, too, and reject the 2045 Plan.

Video link to follow...

And Mr. Mayor, please adjust Mail Delivery to accept citizen

testimony.

I. RESPONSE REQUIRED as per HRS §226-109(9)

I am including my January testimony again re the requirement, as per HRS §226-109 (9) (a statute cited in the Plan), for a response to this new information on the topic of climate change.

HRS §226-109(9) - Use management and implementation approaches that encourage the continual collection, evaluation, and integration of new information and strategies into new and existing practices, policies, and plans; and

- The 2045 Plan language does not reflect the broader, more scientific nature of comprehensive (not limited to alleged anthropogenic) climate change studies, as well as noting where there are uncertainties or deficiencies in the data and conclusions.
- It does not reflect where there is professional dissent (reminiscent of the censorship/exclusion of professional Covid dissent at the beginning).
- It does not address studies that show positive effects from increasing CO2.
- The Plan does not address the missing elements and inabilities of climate change modeling systems.
- The Plan does not address the emergence of new energy systems, already patented, awaiting sufficient political support for their release, systems that will NOT introduce greenhouse gases into the atmosphere. Relevant terms like Zero Point and Free Energy, etc., are nowhere in the Plan.

II. ARE YOU PREPARED TO ADDRESS ONE VERY REAL (SUPER WEALTHY) ISSUE?

Given the great transfer of wealth during Covid^[1], from the lower and middle class into a growing group of (existing and) newly created super wealthy...

Where is the REAL (no holds barred) discussion re robust, community-driven solutions to -

- address affordability and availability of housing ownership when wealthy corporations/individuals buy up properties well above market value, putting home ownership even further out of reach for the “average” local resident and significantly altering the property taxes of surrounding homeowners (a backdoor approach to gradually, financially forcing them out, too?) - PAGE 181 – Housing Challenges;
- a discussion about how to protect the integrity and the “fabric” of communities when local businesses who have been a part of the community, some for decades or longer, are suddenly closed down after wealthy corporations/individuals buy up the land beneath them;
- a discussion about how much disproportionate influence we can then expect these super wealthy “stakeholders” to have on our community development and planning processes, including via their public/private projects (see who comprises the WEF Great Reset stakeholders in footnote 3 – hint – it’s NOT the average person). And take the verb “improving” (quote below) with a huge grain of salt...

“One of the stated aims of the WEF is that it will be “...
committed to improving the state of the world through public-

private cooperation.” <https://thegeopolity.com/2023/01/26/the-wef-and-the-great-reset/>

CONCLUSION:

MISSING from the plan: this issue of the SUPER WEALTHY and their impact on our island, our ohana, our community. More below on the need for private/public partnership transparency at the inception of any process.

III. PRO FORMA vs. REALLY INCORPORATING TESTIMONY – HOW WILL THIS PROCESS END?

I’ve attended many meetings where it was clear that hearings were “pro forma,” done for the purpose of fulfilling a legal or statutory requirement, but without any intention of actually reflecting on, of incorporating or integrating, any testimony that goes contrary to the plan that’s already been chosen behind closed doors.

Donna Thompson of Waimea, whose excellent testimony I herein incorporate via reference, has made similar observations.

IV. HALT THE SLIDE INTO A “WEF GREAT RESET CLONE” PLAN

You can still step back from this slippery slope and HALT THE SLIDE towards the ultimate result of creating, in “2045,” a WEF-Great-Reset-like plan (Agenda 21, as per Ms. Thompson), but it may well require refusing to let this island’s backroom power players have their way and empowering the people instead.

In June 2019, the WEF signed a Strategic Partnership Framework agreement with the United Nations. The WEF and the UN agreed to collaboratively “accelerate the implementation of the 2030 Agenda for Sustainable Development: milestones to complete the UN’s plan for the 21st century, also known as Agenda 21 – the UN’s vision for a centrally managed global society. The policies required to achieve these sustainable development goals (SDGs) are developed by the multi-stakeholder partnership.

<https://yfsmagazine.com/2023/07/30/wef-resist-the-great-reset>

Even in the face of growing widespread opposition, governments are pursuing WEF’s strategy as it is no secret that the international organisation has managed to infiltrate them through its Young Global Leaders. <https://thegeopolity.com/2023/01/26/the-wef-and-the-great-reset/>

In his book, Kahn explores subverting democracy by training a certain group in society as potential leaders, with those pre-selected few groomed for power being able to define what our shared values as a society should be. Sound familiar? Today’s World Economic Forum’s Young Global Leader scheme is the exact manifestation of his original proposal. In essence, they will hold all the cards, whilst the common people will be left with illusory pseudo-democratic processes, poverty, and constant absurd psychological operations (PSYOPs) to sow chaos and distract us all *unceasingly*.

<https://yfsmagazine.com/2023/07/30/wef-resist-the-great-reset>

Sidenote – one of my Waimea friends recently asked the Mayor if this plan will go forward regardless of all the citizen opposition and the Mayor’s reply was that we DON’T have to adopt the 2045 Plan.. (Now

THERE's a concept.)

Just remember – WEF's oh-so-well-crafted rhetoric (the velvet glove) seldom matches their intended outcome (the iron fist inside the glove).^[2] Focus group research and decades of mind control research by our government and universities give these elite groups "pathways into persuasion" that don't have to reflect reality.

1. Velvet glove – Covid concerns.
2. Velvet glove – climate change* concerns (*the erroneous WEF-type – see my January testimony about a more comprehensive and scientific approach).
3. Iron fist – control over the public.

SMART city – Surveilling the Masses And Restricting Transactions (thanks to China for showing us the reality, within a "SMART" city, of consequences for failure to follow prescribed social actions).

V. DR DAVID MARTIN ON TRIGGERS USED TO CALL FOR THE GREAT RESET

Refer to Dr. David Martin's research and information, included below, in which he presents the evidence for WEF's disingenuous history with Covid and the experimental injection (which they secretly co-participated in creating, then used as a rationale for launching their Great Reset).

WEF is NOW using "climate change" as the new, post-Covid driver to impose their control agenda.

Notice how much the deliberately limited, non-comprehensive, WEF version of "climate change" is used in this 2045 plan. Why use something so flawed, unless it was in service to an agenda, ergo NOT a commitment to best available science?

See my January testimony for a more science-based consideration of climate change.

VI. PYRAMID

Therefore, this plan is a pyramid attempting to look like a level playing field, in which the pyramid's capstone will be a small cadre of "stakeholders"^[3] (WEF term, used 86 times in the proposed plan) and many of the goals (and omissions) look remarkably similar to the WEF Great Reset. For instance, observe this Plan-consultant's profile:

Consultants, Page 2; Page 86, footnote 3 – SMART GROWTH AMERICA

Smart Growth America focuses on three specific priorities: Climate change and resilience, advancing racial equity, and creating healthy communities.

<https://smartgrowthamerica.org/our-work/>

Great Reset – a globalist-driven initiative to establish Schwab's vision of stakeholder capitalism, where corporations are positioned as "trustees of society" to address the world's economic and social woes.
<https://yfsmagazine.com/2023/07/30/wef-resist-the-great-reset>

Therefore, it is important to now address WEF as the background basis for 2045's characteristics, in the hopes that the 2045 planners might want to seriously reconsider whether taking cues – covertly - from WEF is truly in the best interests of the people of this island, this state.

And here's why...

VII. USING CRISES

Unfortunately, WEF history is typically that of pursuing more centralized control of and power over the individual, the public, regardless of deceptive rhetoric claiming otherwise.

The opportunistic use and/or deliberate creation of “crises”^[4] are a common tool for expanding control (see WEF articles on taking advantage of Covid to advance stakeholder capitalism).

A more sinister aspect of the WEF/Covid connection is revealed by Dr. David Martin's research, which will be referenced below (see also Footnote 4).

VIII. WHERE'S HOMEOWNER?

WEF's 2018 Predictions for 2030: “You'll own nothing. And you'll be happy.”^[5]

It is telling that THE TERM “STAKEHOLDER” IN THE 2045 PLAN'S GLOSSARY DOES NOT EXPLICITLY INCLUDE HOMEOWNER, nor do we find HOMEOWNER elsewhere in the document. In litigation citing a statute or code, the deliberate absence of a term is considered dispositive.

In this plan, there are:

EIGHTY-SIX (86) matches for STAKEHOLDER.

ZERO (0) matches for HOMEOWNER (although Homeownership does show up twice).

There are also NO matches for SELF SUFFICIENT, which is a cornerstone of how people are better able to weather change and maintain their freedom and personal power. Coincidence?

Freedom is the greatest fruit of self-sufficiency.

Epicurus

IX. HAPPINESS, PROPERTY, AND PERSONAL DEVELOPMENT

This article reviews the WEF's 2018 prediction for 2030 - “You'll own nothing. And you'll be happy” - and finds property ownership to be a cornerstone of personal happiness.

A future with no individual ownership is not a happy one: Property theory shows why.

<https://www.sciencedirect.com/science/article/pii/S0016328723001131>

The greatest fine art of the future will be the making of a comfortable living from a small piece of land.

Abraham Lincoln

Notice that “..the pursuit of happiness” was considered a self-evident truth

and unalienable RIGHT, important enough by the founders of this nation to be mentioned in the preamble of one of our country's foundational documents.

Therefore, happiness of the people is an important benchmark indicating "success" as further development of our island communities takes place.

"You'll own nothing. And you'll be happy." This prediction, based on just one of eight made by the World Economic Forum's (WEF) network of Global Future Councils (Parker, 2016), assumed this expression in a video produced by the WEF in November 2016. As a tool intended to disseminate its content, the video was published both to the WEF's own website⁴ and its Facebook page,⁵ and was then shared across other media platforms...

Very few of the comments⁶ could be characterised as being in any sense positive toward the prediction.

After the WEF announced its 'Great Reset' agenda to the world in June 2020 (Schwab, 2020), reaction to the prediction became stronger and louder still.

COVID-19 was identified as the principal reason for pursuing the agenda, but the WEF claimed that it also addressed the "...climate and social crises" emerging even before the pandemic's onset (Schwab, 2020).

A diverse cross-section of concerned citizenry across the world was, however, having none of it.
<https://www.sciencedirect.com/science/article/pii/S0016328723001131>

X. PROPERTY AND PERSONHOOD BY MARGARET JANE RADIN

Margaret Jane Radin is known for her influential article "Property and Personhood," which was published in the Stanford Law Review in 1982.

This article has been cited over 700 times and has been recognized as one of the 100 most cited law review articles of all time.

In this article, Radin argues that individuals require secure control over certain aspects of their external environment in the form of property rights to achieve proper self-development or personhood.

She also discusses how property rights for personhood serve as a justification for property rights in general and for some current schemes of property entitlement.

In the article Professor Radin makes a compelling case that proper self-development, or personhood, requires individuals to have secure control over certain things—e.g., one's home residence—in their external environment in the form of property rights.

https://www.researchgate.net/publication/45457879_Property_and_Personhood_Revisited

XI. CONNECTING STAKEHOLDERS TO COVID/CRISIS (WEF)

The changes we have already seen in response to COVID-19 prove that a

*reset of our economic and social foundations is possible.
This is our best chance to instigate stakeholder capitalism - and here's
how it can be achieved.*

<https://www.weforum.org/stories/2020/06/now-is-the-time-for-a-great-reset/>

XII. WEF: COVID WAS A LITMUS TEST FOR “STAKEHOLDER CAPITALISM”

According to WEF, Covid 19 is a litmus test for stakeholder capitalism – with remotely tracking people and remote teaching lauded by WEF as great examples of how a company can meet that stakeholder capitalism goal.

<https://www.weforum.org/stories/2020/03/covid-19-is-a-litmus-test-for-stakeholder-capitalism/>

By contrast, other companies used profits to invest in digital transformation, talent, research and development, and their customer relations. That now gives them an ability to react that other companies lack. Microsoft, for example, ranked first in JUST Capital's stakeholder companies ranking, is a collaborator on Johns Hopkins' coronavirus tracker, and is providing teachers with access and training for its Teams program to teach remotely. It can do so because of its business model, but also because its stakeholders expect it to step up at times such as these.

XIII. DR DAVID MARTIN'S RESEARCH

Dr. David Martin^[6] was able, thanks to his remarkable CV and decades of investigative work for the government, to track patents and the history of Covid.

See attached document -
20200403_SARS_CoV_Patent_Corpus_Lit_Review.pdf.

The perpetrators' (including WEF) shocking willingness to inflict harm via the Covid experience (see Dr. David Martin's Red Pill Expo, November 19, 2021, talk in the video link^[7]) is in utter/complete antagonism to Hawai'i's values of ALOHA, as described in the state statute.^[8] And remember, WEF used Covid to trot out The Great Reset, which this 2045 Plan emulates.

As Dr. Martin points out, if any of his facts are false, he could be sued. And no one has...

The following quote should be a massive wakeup call to the public re those behind the unleashing of Covid and the experimental injections:

"So .. the fact of the matter is, they actually stated in 2014 that this was about investors responding if they see profit at the end of the process."

Dr. David Martin | National Citizens Inquiry Canada | March 6th 2025 | Edmonton, Alberta

https://rumble.com/v6qds3o-national-citizens-inquiry-with-dr.-david-martin-march-6th-2025-edmonton-alb.html?e9s=src_v1_ucp

Dr. Martin was also invited to speak at the European Union Parliament's Covid Summit in 2023. <https://rumble.com/v2ncp8w-dr-david-e.-martin-phd-covid-summit-european-union-parliament-may-2023.html>

XIV. THE COVID ORCHESTRA INCLUDES WEF – NAMING NAMES

Dr. Martin refers to the major players orchestrating the plandemic as The Covid Orchestra, his research having proved that it was accurate to designate Covid and the experimental injection as a planned event (plandemic).

Even in the face of growing widespread opposition, governments are pursuing WEF's strategy as it is no secret that the international organisation has managed to infiltrate them through its Young Global Leaders. <https://thegeopolity.com/2023/01/26/the-wef-and-the-great-reset/>

The full article, summarizing Dr. Martin's Red Pill Expo speech and identifying the organizations, as well as the people, involved in creating the plandemic, is reproduced at the bottom of this testimony. In the meantime, notice that WEF is represented FOUR TIMES in the "Covid Orchestra" of major players.

Excerpt from Dr. David Martin's speech at the Red Pill Expo:

THE COVID ORCHESTRA

"But this, Ladies and Gentlemen is the slide you wanted to see. This is actually the names and faces of the people who are, in fact killing humanity. And that's ALL of them. ...Let's make sure that we don't ever forget the names and the faces of the people who decided to kill us..."

- Peter Brabeck-Letmathe, Vice-Chairman of the Board of Trustees WEF
- Klaus Schwab, Founder and Executive Chairman, WEF
- Marc Benioff, Chair and Chief Executive Officer, Salesforce, WEF Trustee, WEF Young Global Leader
- Luis Alberto Moreno, WEF Young Global Leader

(Sherilyn – the remainder of the Orchestra list is at the end of this testimony, where the full article - about the extensive origins of/patents associated with Covid and the experimental injection - is reprinted).

As Dr. Martin points out, if any of his facts are false, he could be sued. And no one has...

This list is a horrifying indictment, but words alone cannot begin to impress upon us the true/ultimate consequences of following any plan mapped out, in part, by such an organization.

SO... let's personalize what happened to humanity as a result of that trigger for THE GREAT RESET (Great Reset being a role model this plan is following).

Start by watching these links, a testament to the death and damage unleashed on humanity via all those companies and people named by Dr. David Martin.

Japan's most senior cancer doctor: COVID shots are 'essentially murder'

<https://www.lifesitenews.com/news/japans-most-senior-cancer-doctor-covid-shots-are-essentially-murder/>

Dr. Michael Goodkin - Letter to HHS Secretary RFK Jr.: 'I Urge You to Act Now. Expose the Corruption.'

<https://childrenshealthdefense.org/defender/michael-goodkin-letter-hhs-secretary-rfk-jr-expose-corruption/>

XV. MEDIA OWNERSHIP DICTATES CONTENT (Manipulation System Mouthpiece – MSM)

I add this part because, while we're looking at this WEF role model, the WEF also stressed what THEY called misinformation in the obstacles to getting their Great Reset underway.

Of course, what they called misinformation proved to be accurate information... it just did not support their WEF-control agenda.

Complicit media, whose ownership is now concentrated in six companies^[9], come in handy for the power brokers to narrow information available to the public in order to create a preferred public response. That is just as true here in Hawai'i as elsewhere.

Cooperation with/involvement/infiltration of the intelligence agencies is also common.

William B. Bader, former CIA intelligence officer, in his testimony before the Senate Intelligence Committee, said:

"There is quite an incredible spread of relationships. You don't need to manipulate Time magazine, for example, because there are [Central Intelligence] Agency people at the management level."

And then there's Project Mockingbird (see Church Committee testimony and report).

German journalist Udo Ulfkotte authored a confessional titled Presstitutes Embedded In The Pay Of The CIA, further proving that the CIA's Project Mockingbird infiltration of mainstream media is still "alive and well."

Udo also mentions George Soros (who is affiliated with WEF and is a regular speaker at their DAVOS meetings).

So when you see SOROS/OPEN SOCIETY, also think WEF. When it says "American" in the next excerpt, Udo means CIA.

Udo: "Those dismissive of the role of the financier George Soros will be interested to learn of the prominence the Soros backed European Council of Foreign Relations plays in policy formation, something Ulfkotte experienced first hand...how Soros was part and parcel of the political regime in Germany, and essential to efforts expanding American hegemony in Eastern and Central Europe."

Udo Ulfkotte, deceased German journalist and author of the confessional, Presstitutes Embedded In The Pay Of The CIA.

<https://www.theburkean.ie/articles/2020/09/20/udo-ulfkotte-was-a-nationalist-journalist-murdered-in-germany>

This next article, based on leaked internal documents (CCDH), poses a powerful question about censorship. Once again, notice the Soros connection, intelligence agencies, etc.

Are U.S. Taxpayers Funding 'Corrupt Dark-money Network' That Censored CHD, RFK Jr. and Others?

A new analysis of government spending shows that several U.S. taxpayer-funded organizations are linked to the Center for Countering Digital Hate.

Last year, reporting by [Thacker](#) and [Matt Taibbi](#), based on [internal documents](#) leaked by CCDH insiders, revealed that [CCDH planned to “kill” X](#), shut down popular social media accounts on other platforms, [censor non-establishment voices](#) and [“bring back” attacks on “antivaxx” voices](#), among other things.

According to the documents, CCDH planned to organize “black ops” against Kennedy, who was a U.S. presidential candidate at the time. The group also planned to pressure Substack to remove COVID-19 vaccine critics [Mercola](#) and [Alex Berenson](#) from its platform.

A subsequent [investigation by Ji](#) traced some of the organizations that financially support CCDH, including several U.K.-based nonprofits affiliated with legacy media organizations, the U.K. government and major philanthropic organizations such as the [Open Society Foundations](#) (Soros) and the [Ford Foundation](#).

“These hidden contributions reveal a coordinated pipeline of financial influence involving U.S. intelligence-adjacent entities, UK Crown interests, and Soros-backed organizations like the Tides Foundation,” [Ji wrote](#).

<https://childrenshealthdefense.org/defender/us-taxpayer-funds-ccdhd-dark-money-censorship-rfk-jr-chd/>

XVI. PHILANTHROPY.. or is it? PUBLIC RETENTION OF POWER.

A power/control chess move is often disguised as philanthropy, too (just look at Bill Gates as one example, whose philanthropy “somehow” seemed to routinely/exponentially increase his personal wealth – vaccine stocks bought, then sold, with remarkably prescient timing – and to increase his influence – GAVI, WHO).

SO – public/private partnerships MUST be transparent, projects required to be revealed at the inception of the process and examined VERY closely to ensure that NO such transfer of power away from the citizens is taking place as quid pro quo ^[10].

How this public retention of power might be achieved is another topic worthy of soliciting deeper community input/solutions.

XVII. ARTFUL LANGUAGE ON BEHALF OF DECEPTION

The language employed by plans following in the footsteps of the Great Reset (whose ultimate, albeit hidden, purpose is to reduce choice/freedom) may adeptly hide the true intent, thanks in part to (1) focus group research to learn which phrases are most persuasive for the general public and (2) decades of mind control experimentation (e.g., Monarch, MKUltra, etc.), as revealed by whistleblowers like Cathy O’Brien (Access Denied For Reasons Of National Security; The Tranceformation of America).

XVIII. LIFE EXPERIENCE

I have been -

- a former public interest environmental litigator (including in favor of

- growth management),
- a former co-president of the Washington Environmental Council who helped craft legislative language for amendments to the state statute RCW 36.70A,
 - a former Board member of the Washington Toxics Coalition,
 - a co-founder of and reporter for a local newspaper that didn't depend on external agents for its funding (ergo was not obligated to slant the news in favor of any particular monied entity),
 - a co-founder of a local environmental organization (Watershed Defense Fund, which became the Clean Water Alliance),
 - a former candidate for countywide public office (Democrat, although the office itself was non-partisan),
 - a speaker within the educational system on both (1) issues of the day and (2) active citizenship,
 - a mother/grandmother whose stake in a positive future is thus both personal as well as societal,
 - a relative of people (1) who covertly worked for the CIA and (2) who were high-security-clearance law enforcement on an international border (and who witnessed the corruption within our system, too), and
 - I was raised in countries which did not enjoy even the appearance of a democratic process, so my appreciation for a constitutional republic and genuine, accurate elections* (*which we do NOT yet have in Hawai'i – lots of evidence on that topic!) is amplified.

WEF article (ah, the irony if you've read Dr. David Martin's evidence) - A New York simulation showed we weren't prepared for coronavirus. But it's not too late to act <https://www.weforum.org/stories/2020/03/covid-19-coronavirus-new-york-simulation-lessons-not-too-late-to-act/>

[5] "You'll own nothing and you'll be happy" is a phrase from 2018 predictions for 2030 published by the World Economic Forum, cited as being based on input from members of the World Economic Forum Global Futures Councils, likely in turn based on a 2016 article in which Danish Social Democrat Ida Auken outlines her vision of the future.

[6] Dr. David Martin is the founding CEO of M-CAM Inc. M-CAM is the international leader in intellectual property-based financial risk management. From auditing patent quality for governments and patent offices, to providing state-of-the-art actuarial risk management systems and solutions to the largest banks and insurance companies, M-CAM has established a global standard in patent quality and commercial validity assessment and management.

A spokesperson for global intellectual property accountability and quality reform, Dr. Martin has worked closely with the United States Congress, numerous trade and finance regulatory agencies in the United States, Europe and Asia, in advocating and deploying infrastructure to support growing reliance on proprietary rights in business transactions. M-CAM has supported the modernization of intellectual property, tax, and accounting laws through its work with oversight agencies and policy makers.

Dr. Martin has founded several for-profit and non-profit companies and organizations and serves of several boards. He was the founding CEO of Mosaic Technologies Inc., a company that developed and commercialized advanced computational linguistics technologies, dynamic data compression and encryption technologies, electrical field transmission technology, medical diagnostics, and stealth/anechoic technology. He was a founding member of Japan's Institute for Interface Science & Technology. He founded and served as Executive Director of the Charlottesville Venture Group. He has served as a board member for the Research Institute for Small and Emerging Business (Washington D.C.), the Academy for Augmenting Grassroots Technological Innovations (India), the IST (Japan) the Charlottesville Regional Chamber of Commerce (Virginia), and the Charlottesville Industrial Development Agency (Virginia).

As former Assistant Professor at the University of Virginia's School of Medicine, Dr. Martin founded the University's first wholly-owned, for-profit, research and development and technology transfer corporation. Engaged in domestic and international technology transfer, clinical research, and financing, this company pioneered new techniques innovation management that have become industry standards. In 1999, Dr. Martin was appointed by the Governor of the Commonwealth of Virginia to serve on the Joint Commission on Technology and Science and has served the General Assembly and Virginia's Center for Innovative Technology on numerous occasions.

Dr. Martin's work with the Batten Institute at the Darden Graduate School of Business Administration at the University of Virginia and his related work at the Indian Institute for Management in Ahmedabad India has brought unprecedented curricular focus to areas of intangible asset risk management, finance, and accounting standards. In addition to his academic work, Dr. Martin has closely advised intellectual property based finance and investment programs in India, China, Denmark, the European Union, the United Kingdom, South Africa, the Islamic Republic of Iran, the United States, and the United Arab Emirates.

Dr. Martin has publications in law, medicine, engineering, finance and education. He maintains active research in the fields of linguistic genomics, fractal financial risk modeling, as well as continuing his over 15 years of research in cellular membrane ionic signaling.

§ 5-7.5 "**Aloha** Spirit". (a) "**Aloha** Spirit" is the coordination of mind and heart within each person. It brings each person to the self. Each person must think and emote good feelings to others. In the contemplation and presence of the life force, "**Aloha**", the following **unuhi laulā loa** may be used:

"**Akahai**", meaning kindness to be expressed with tenderness;

"**Lōkahi**", meaning unity, to be expressed with harmony;

"**Olu'olu**" meaning agreeable, to be expressed with pleasantness;

"**Ha'aha'a**", meaning humility, to be expressed with modesty;

"**Ahonui**", meaning patience, to be expressed with perseverance.

These are traits of character that express the charm, warmth and sincerity of Hawaii's people. It was the working philosophy of native Hawaiians and was presented as a gift to the people of Hawai'i. "**Aloha**" is more than a word of greeting or farewell or a salutation. "**Aloha**" means mutual regard and affection and extends warmth in caring with no obligation in return. "**Aloha**" is the essence of relationships in which each person is important to every other person for collective existence. "**Aloha**" means to hear what is not said, to see what cannot be seen and to know the unknowable.

(b) In exercising their power on behalf of the people and in fulfillment of their responsibilities, obligations and service to the people, the legislature, governor, lieutenant governor, executive officers of each department, the chief justice, associate justices, and judges of the appellate, circuit, and district courts may contemplate and reside with the life force and give consideration to the "**Aloha** Spirit". [L 1986, c 202, § 1]
