COUNTY COUNCIL INITIATED BILL NO. 29 (PL-CCI-2025-000010)
AMENDMENT TO CHAPTER 25, ARTICLE 3, SECTION 25-3-3, OF THE HAWAI'I COUNTY CODE 1983
(2016 EDITION, AS AMENDED),

from Cory Harden

Aloha Commissioners,

Thank you for your volunteer service.

I suggest you add the underlined language:

when deemed appropriate by the director, other means of description
selected from a list of means previously approved by County Council
may be used

Otherwise, a Director might choose an inappropriate method. For example, new technologies can have unforeseen consequences:

"A New York federal judge sanctioned lawyers who submitted a legal brief written by the artificial intelligence tool ChatGPT, which included citations of non-existent court cases" and the lawyers, Peter LoDuca and Steven Schwartz, were fined \$5,000 each.

A Director might also choose a method which favors special interests and does not benefit the community at large.

Mahalo for your consideration.
