

LEGEND (For Maps of the Mud Lane - Waipio - Honokaa Area):

VIOLET LINE: Waipio Vally Rim proximate to Kukuihaele - 2005 General Plan proposes the County advocate to the State to build a Valley Rim Road for the Waipio Lookout to the Mud Lane entrance onto Highway 19 with multiple recreation or viewing areas.

WHITE LINE: Mud Lane running from Kukuihaele Bypass Road to Highway 19 near Waimea. Also White is a side Jeep Road running from Mud Lane to the Old Waipio Lookout which the Hamakua CDP proposes for study as a pedestrian (?) bicycle access to a park on the Valley rim.

RED LINE: Alternate access from Mud Lane to the Honokaa - Waipio Road. Cane Haul Road now gated.

YELLOW LINE: Previous and Proposed Emergency access route from the Large Acreage Subdivision on the Waipio side of Mud Lane Mauna of the Eucalyptus Plantation to the Mauka Cane Haul Road and Honokaa. (Now blocked by private property ranching owner)

BLUE LINE: Lower Cane Haul Road from Kukuihaele to Honokaa. There is a 'bridge out' on this Lower Cane Haul Road between Haina (below Honokaa) and Paauhau. The bridge on the Waipio side of the Power Plant below Honokaa I believe is intact but would need clearing.
