

Questions for the Planning Director

Kona CDP Action Committee

Feb. 10, 2026

Aloha Director Darrow, welcome and mahalo for taking your time to attend the Feb. 10 meeting of the Kona CDP Action Committee and making yourself available to answer questions and assist the committee in doing its work on behalf of the Community.

Questions

Can you share your views for the Planning Department in addressing the current traffic issues?

How or would that affect future development in Kona?

Is there a need to strengthen zoning laws to better regulate the market for vacation rentals in Kona and/or Hawaii Island overall?

Is the Planning Department considering implementing tighter regulations on the issues of water quality, distribution and conservation for N. Kona.

How does the Planning Department support Transit Oriented Development? Are TOD's realistic for Kona given the current of land distribution, zoning, topography and water resources?

How can the Action Committee be of better service to the community and Planning Department?

Mahalo Nui Loa for your continued support.

Charles Young

AC committee member
