May 19, 2026

To: The Windward Planning Commission (WPC)
101 Pauahi Street, Suite 3
Hilo, Hawai'i 96720

From: Ed Johnston
PO Box 636
Pepee'okeo, Hawai'i 96783-0636

Regarding: Item 1. New Business, June 5, 2026, WPC meeting/Jessica Stevens (PL-USE-2026-000042)

The Commission is to decide if a Use Permit should be granted for this rural, 5.7-acre Pepe'ekeo property located at the end of the historic 4-mile scenic route which runs along the Hilo to Hāmākua Heritage Corridor. Ms. Stevens (the applicant) is looking to establish an "outpatient medical clinic" on the 1st floor of an existing 2 story dwelling.

Oddly, this same Pepe'ekeo address 28-1167 OLD MAMALAHOA HWY is already listed in the National Provider Identifier (NPI) Registry (see attached) as being active since January 23, 2026, as the Big Island Neuro Health Foundation (BINHF). The BINHF was only just registered with the State of Hawai'i DCCA as a trade name on April 2, 2026 (see attached).

At the Pepe'ekeo Community Development Corporation meeting Sunday May 17, 2026, Ms. Stevens and Dr. Raymond J. Emanuel gave a presentation for their plans to establish, at this address, a Transcranial magnetic stimulation (TMS) clinic. TMS is a procedure that uses magnetic fields to stimulate nerve cells in the brain to improve symptoms of major depression.

The BINHF is described in their trade name application as an "Outpatient Medical Clinic Providing Non-Invasive Neuromodulation Services".

Conclusion: Hilo would be a more appropriate location for such a medical clinic.

Either way I'd hope for an explanation from the applicant as to why BINHF is already on record as active at that address.

Thank you,

Ed Johnston

NPI NPI Number Validation

How NPI Validation Works

The NPI validation process uses the ISO-standard Luhn algorithm, a mathematical "handshake", to ensure that a provider's 10-digit ID is authentic and free of common typing errors.

To verify the NPI **1710836622**, we treat the final digit (**2**) as the **Check Digit**—the target answer we need to reach. The process begins by taking the first nine digits and adding a constant value of **24**, which accounts for the "80840" prefix required for all U.S. health identifiers. We then double every other digit starting from the right and sum the individual digits of those results together. For this specific NPI, that total comes to **58**. The final step is to find the difference between that total and the next multiple of ten (**60 - 58 = 2**).

Digit-by-digit view

Use the first nine digits for the calculation. Starting from the right, double every other digit. The last digit is the check digit and is not part of the calculation.

Pos 1	Pos 2	Pos 3	Pos 4	Pos 5	Pos 6	Pos 7
1	7	1	0	8	3	Do
Doubled → 2	Unchanged	Doubled → 2	Unchanged	Doubled → 16 → 1 + 6	Unchanged	

☐ Regular digit ☒ Doubled digit ☐ Check digit

Step 1: Double every other digit from the right

Starting with the rightmost digit of the first nine digits, double every other value. If doubling creates a two-digit number, add those digits together.

1 → 2

1 → 2

8 → 16 → 7

6 → 12 → 3

2 → 4

Step 2: Add all digits plus the NPI constant

Add the transformed values, the unchanged digits, and the constant 24.

2 + 7 + 2 + 0 + 1 + 6 + 3 + 1 + 2 + 6 + 4 + 24 = 58

Step 3: Find the amount needed to reach the next multiple of 10

The next multiple of ten after 58 is 60. The difference is the calculated check digit.

60 - 58 = 2

This NPI is valid

The calculated check digit is **2**, which matches the last digit of **1710836622**.

Frequently Asked Questions

[What is BIG ISLAND NEURO HEALTH FOUNDATION's NPI number?](#)

The NPI number assigned to this healthcare provider is 1710836622, enumerated as an "organization" on January 23, 2026.

[Where is the provider located?](#)

The provider is located at 28-1167 OLD MAMALAHOA HWY PEPEEKEO, HI 96783 and the phone number is (702) 354-2704.

To: The Windward Planning Commission (WPC)
101 Pauahi Street, Suite 3
Hilo, Hawai'i 96720

From: Ed Johnston
PO Box 636
Pepe'ekeo, Hawai'i 96783-0636

*Regarding: Item 1. New Business, June 5, 2026, WPC meeting/Jessica Stevens
(PL-USE-2026-000042)*

The Commission is to decide if a Use Permit should be granted for this rural, 5.7-acre Pepe'ekeo property located at the end of the historic 4-mile scenic route which runs along the Hilo to Hāmākua Heritage Corridor. Ms. Stevens (the applicant) is looking to establish an "outpatient medical clinic" on the 1st floor of an existing 2 story dwelling.

Oddly, this same Pepe'ekeo address 28-1167 OLD MAMALAHOA HWY is already listed in the National Provider Identifier (NPI) Registry (see attached) as being active since January 23, 2026, as the Big Island Neuro Health Foundation (BINHF). The BINHF was only just registered with the State of Hawai'i DCCA as a trade name on April 2, 2026 (see attached).

At the Pepe'ekeo Community Development Corporation meeting Sunday May 17, 2026, Ms. Stevens and Dr. Raymond J. Emanuel gave a presentation for their plans to establish, at this address, a Transcranial magnetic stimulation (TMS) clinic. TMS is a procedure that uses magnetic fields to stimulate nerve cells in the brain to improve symptoms of major depression.

The BINHF is described in their trade name application as an "Outpatient Medical Clinic Providing Non-Invasive Neuromodulation Services".

Conclusion: Hilo would be a more appropriate location for such a medical clinic.

Either way I'd hope for an explanation from the applicant as to why BINHF is already on record as active at that address.

Thank you,

Ed Johnston
