Subject: Opposing Mental medical outpatient establishment location(Pepeekeo)

To whom it may concern:

I am opposing on the outpatient medical clinic planning for Pepeekeo Street, South Hilo, Hawaii, TMK(3) 2-8-007:084(por.) construction!

My reasons-

1) We are more of elderly people living in Pepeekeo. We would especially need a clinic for these kinds of patients, not mentally illness. This sort of medical facility(MI), should be located in the area of need...HILO! Not PEPEEKEO!

I'd say, where most of the patients are located at!

2) IF the state would STOP having people(MI), authorized to come here, then this would be less of a problem.

A bird mentioned how our state gets funded by excepting(MI), mental illness patients here in Hawaii

3) PEPEEKEO IS A QUIET/CLOSE NIT/COMMUNITY...and we'd like to keep it that way! Don't need more burglaries, thefts, murders in our community!
