Honorable Harry Kim, Mayor
County of Hawai'i
25 Aupuni Street
Hilo, Hawai'i 96720

Dear Mayor Kim:

Attached is the 2017 Annual Report of the County of Hawai'i Public Access, Open Space and Natural Resource Preservation Commission (PONC), pursuant to Section 2-217 (2) of the Hawai'i County Code.

This has been an exciting and momentous year not only for our community, but also for our commission. We have learned so much about the many different cultural areas and historical sites that we were never aware of, due to the diligence of local communities, various organizations, and other concerned constituents trying to seek out the help of the PONC Commission. This gave us the opportunity to collaborate with the administration, fine-tune the process for the applicants, the commissioners, in order to recommend in our advisory capacity, the best use for the PONC Preservation Fund.

During our commission meetings, we heard the testimonies of many individuals in bringing an awareness of the importance of our culture and of our recommendations. We hope to set precedence in the quality of our culture and how we as a community can become a generation that will leave a legacy in communication, maintenance, and preservation of these cultural sites for the PONC Maintenance Fund.

Thank you for your support and the staff of the County of Hawai'i, including these that have been patient with all of us, Maxine Cutler (Commission Secretary), Amy Self (Deputy Corporation Counsel), and Hamana Ventura (Property Manager) have all guided us with excellent advice in going forward.

Again, thank you especially for your continued support for PONC funding and time in considering our recommendations. We could not do our important work without you.

ʻŌwau me ka ha'aha'a,

Cynthia Nazara, Chair

Commissioners: Chair Cynthia Nazara, Vice Chair Kekaulike Tomich, Timothy DeLozier, Kai'ena Bishaw II, Dr. Wayne Frank, Rene' Siracusa, Fredrick "Rick" Warshawer, and Susan Fischer

2017 ANNUAL REPORT TO THE MAYOR

December 28, 2017

INTRODUCTION:

The Hawai‘i County Public Access, Open Space, and Natural Resources Preservation Commission (PONC) is submitting this 2017 Annual Report and Prioritized List (Appendix 1) to the Mayor pursuant to Section 2-217 of the Hawai‘i County Code, 1983, 2005 Edition (Appendix 2).

The Commission is advisory to the Mayor and is responsible for annually submitting a prioritized list of lands to be considered for acquisition. The Commission has also compiled a report on the Status of all Properties on Past Prioritized Lists, providing detailed information for each property (Appendix 3) and an Acquisition Status Report (Appendix 4) that provides a list of properties that were acquired and includes the different funding sources used for each acquisition.

This Commission has provided a Comprehensive List of all properties that have been submitted by the public (Appendix 5), since the inception of the Commission; attests to the informed participation of community groups and individual citizens interested in the preservation of our island’s resources.

In 2012 Hawai‘i County voters approved two charter amendments which impacted this Commission. The first charter amendment created by Article 10, Section 10-15, PONC Fund (FUND), sets aside 2% of Hawai‘i County’s property taxes each year to acquire properties as listed in the amendment (Appendix 6). The second charter amendment which can be found in Article 10, Section 10-16, Public Access, Open Space, and Natural Resources Preservation Maintenance Fund (Appendix 7), provides funding for maintaining properties acquired by the FUND and contains a list of permitted maintenance uses.

Included in this report is an appendix describing the Process for Property Acquisition (Appendix 8) so that the public may be better informed as to how properties are acquired using the FUND.

In developing the 2017 Prioritized List, the Commission formed an Ad Hoc Committee to conduct site visits and interviews pertaining to selected properties submitted on the 2017 Suggestion Forms. The Commission also heard public testimony and reviewed written testimony related to those submissions. The Commission developed its prioritized ranking order based upon reported urgency, anticipated use, significance, benefit to the public, special opportunities available for acquisition, and management plan. This year's total possible score based on the total number of commissioners was 384. In 2015, the Commission amended its' rules (Appendix 9) to include only those properties that scored 50% or higher on the prioritized list for consideration. (Appendix 1 for detailed descriptions and maps of these prioritized properties.) Whereas, two properties that were nominated and received failed to meet the 50% or higher threshold and one nomination was withdrawn by the original submitter. See chart below.

STATUS OF PROPERTIES ON PAST PRIORITIZED LISTS AND ACQUISITIONS

Past prioritized lists were compiled in the Status of Properties on Past Prioritized Lists from 2006-2016 (Appendix 3). The Commission recommends that properties from previous prioritized lists continue to be pursued as far as possible unless, the County has already acquired the property; the property no longer meets the criteria for inclusion (Appendix 8); there are insufficient funds available for acquisition; or the County Council has not passed a resolution that would allow the property to be acquired.

COMPREHENSIVE LIST OF PROPERTIES SUBMITTED BY THE PUBLIC

The Comprehensive List of Properties (Appendix 5) is a sequential listing by tax map key number of all properties submitted by the public since 2006.

COMMISSION MEETINGS

Meeting dates and location for 2017 were:

January 9	Kona	September 11	Kona
March 13	Hilo	October 9 (Special Meeting)	Hilo
May 8	Kona	November 13	Hilo
July 10	Hilo		

At each of these meetings the Commission welcomed testimony from the public. With an increase of public interest and attendance by landowners and other interested parties continues in the PONC acquisitions. In addition to these meetings, commissioners present gathered information of the program and the application process at various community development meetings.

To give equal opportunity to the public every year, the last and first meetings will alternate between Hilo and Kona so that at different stages all regions of the island can contribute equally into the process.

In addition to these meetings, the Commission appointed four of its members to a special sub-committee (Ad Hoc) to conduct site visits to nominated properties that commissioners felt would be helpful to see in person. Members of the PONC Ad Hoc Committee was charged with conducting site visits, interview interested applicants, and reports back to the commission of their findings at regularly scheduled meeting.

SUGGESTION FORM

The Suggestion Form [revised November 13, 2017] (Appendix 10) is available to the public by request through the County Finance Department or on-line at the web-site below: <http://records.co.hawaii.hi.us/Weblink8/Browse.aspx?dbid=1&startid=13770>

The Commission considered properties identified on these forms that were submitted by the public when creating the 2017 Prioritized List. A total of 13 Suggestion Forms were received from the public between July 1, 2016 and June 30, 2017.

ASSESSMENT CRITERIA FORM

On November 13, 2017, the Commission took on the task to modify and update the current Assessment Criteria Form as allowed in the Rules of Practice and Procedure of the Hawai'i County. (Appendix 9) The modification effected all three criteria requirements and scoring. This modification gave a clear transparency to determine the prioritized results. For the scoring: Criteria 1, changed from 20 to 40; Criteria 2, changed from 16 to 30, and Criteria 3, changed from 16 to 30; resulting in a total of 100 points. (Appendix 11). This Assessment Criteria Form was utilized to assess the suggestion forms received during the aforementioned time period.

STEWARDSHIP GRANTS

In 2012 Hawai'i County voters approved a charter amendment which can be found in Article 10, Section 10-16, Public Access, Open Space, and Natural Resources Preservation Maintenance Fund, which provides funding for maintaining properties acquired by the PONC Fund. In 2017, the PONC Commission expressed their concerns in assisting the County Department of Parks and Recreation (P&R) in revising the current Stewardship Grant Application for the task of reviewing eligible applications and making funding recommendations to P&R. Historically, the first of these grants, awarded in 2015, to stewardship project that began in 2016. Pōhāhā I Ka Lanī was the first recipient of the stewardship grant for the beautiful Waipi'o Valley Lookout.

Since then, seven additional eligible Stewardship Grant Applications (Appendix 12) were received by P&R and passed on to the PONC Commission to review and advise funding recommendations. All seven applications were recommended for funding at PONC's Special Meeting held on October 9, 2017; providing they met the requirements as defined in the Hawaii County Charter Section 10-16(g).

The PONC Commission looks forward to working with P&R and with legal counsel to modify and clarify the grant application process "making it user friendly" and as an effective tool for the County to use to help steward the properties which are purchased with PONC funding.

COMMISSION AND COMMUNITY RECOMMENDATIONS AND CONCERNS

The following is a listing of recommendations and concerns identified by the Commission:

- The commissioners will continue to seek education and training in all aspects of land acquisition to better accomplish the Commissions' goals.
- The Commission encourages the public to re-nominate properties that do not have a current County resolution or have not been purchased.
- The Commission is very concerned about the process and the form that is currently being used for Stewardship Grant applications. There is also some lack of clarity about what expenses are eligible for funding using the Maintenance Fund.
- The Commission encourages non-profit community groups to apply for stewardship grants.

NEXT STEPS

- Schedule six Commission meetings alternating between Kona and Hilo in 2018. Due to budget cuts no, other additional meetings are needed.
- Strive to schedule meetings with Community Development Action Plan Committees and other community groups to explain the process for property acquisition and the use of the FUND.
- Publicize the meeting schedule and encourage the public to submit or re-submit suggestion forms by the last day of February.
- Encourage potential partnerships with other governmental agencies, non-profit organizations, and private entities for land/entitlement acquisitions.
- Identify partnerships with non-profit organizations, community groups, and volunteer organizations to provide management for acquired properties.
- Publicize meeting schedule, agendas, and encourage the public to submit or re-submit Stewardship Grant Application with P&R by August 31st
- Submit Annual Report and Prioritized List to the Mayor by December 31, 2018.

- (a) A public access, open space, and natural resources preservation fund is hereby established. This special fund shall be administered and managed by the finance department. Monies deposited shall be invested in a conservative interest-bearing account that will allow monies to be available for property acquisition and prevent any erosion of the fund's principal amount.

 - (1) The proceeds from the sale of any general obligation bonds, authorized and issued for the purposes of this section;
 - (2) Council appropriations for the purposes of this section;

Deposits will be made to the Fund on June 30, 2007 and then again on December 31, 2007, and on December 31 and June 30, in successive years, with deposits being calculated on all real property tax payments (including penalties and interest) received in the prior six months. Additional deposits and adjustments may be made at the discretion of the director of finance;

- (6) Monies from items numbered (1), (2), (3), and (4) above, shall be deposited as received; and
 - (7) Notwithstanding (b)(5) of this section, for the period from July 1, 2009 to June 30, 2011, no payments relating to this section shall be allocated or deposited, provided, however, that all payments accrued through June 30, 2009 shall be allocated and deposited by July 31, 2009.
- (c) The fund shall be used for acquiring lands or property entitlements in the County of Hawai'i for the following purposes:

- (d) The director of finance shall ensure that the following covenant is written and duly recorded as part of the deed of any property acquired pursuant to this section:
- “This land/easement was acquired with moneys from the Public Access, Open Space, and Natural Resources Preservation Fund. It shall be held in perpetuity for the use and enjoyment of the people of Hawai'i County and may not be sold, mortgaged, traded or transferred in any way.”
- The director of finance shall select either “land” or “easement” based on the type of property acquired.

Section 2-214.2. Public access, open space, and natural resources preservation maintenance fund.

- (a) Pursuant to section 10-16(c) of the Charter, a special fund known as the public access, open space, and natural resources preservation maintenance fund is established. The purpose of this special fund is to accrue and use moneys for maintenance of lands and easements acquired in full or in part by the public access, open space, and natural resources preservation fund.
- (b) Pursuant to section 10-16(c) of the Charter, the maintenance fund shall be administered and managed by the department of parks and recreation. Adequate staff to carry out the provisions of this article and section 10-16 of the Charter shall be provided in the department of parks and recreation.
- (c) The financial aspects of the maintenance fund shall be handled by the department of finance. Pursuant to sections 10-16(d), (e), and (f) of the Charter, deposits shall occur, and accounting, reports and financial statements from the department of finance shall be made.

- (d) Pursuant to section 10-16(g) of the Charter, this maintenance fund shall be used solely for expenditures directly related to its purpose.
- (e) Pursuant to section 10-16(h) of the Charter, and article 25 of this chapter, stewardship grants may be provided to 501(c)(3) nonprofit organizations or an organization operating under the umbrella of a 501(c)(3) nonprofit organization. (2015, ord 15-97, sec 6.)

Section 2-215. Public access, open space, and natural resources preservation commission.

- (a) There is established a public access, open space, and natural resources preservation commission. There shall be nine members on this commission, appointed by the mayor and confirmed by the council. The members may be removed upon recommendation by the mayor and the approval of the council. One member shall reside in each County council district. The members shall serve staggered terms of five years. Upon initial appointment of the commission, one member shall be appointed to a term of one year, two for a term of two years, two for a term of three years, two for a term of four years, and two for a term of five years. Staff support shall be provided by the finance department.
- (b) No member shall be eligible for a second appointment to the commission prior to the expiration of two years, provided that members initially appointed for a term of one year and two years shall be eligible to succeed themselves for an additional term.
- (c) No member whose term has expired shall continue to serve on the commission, except that if no successor has been appointed and confirmed, the member shall continue to serve for ninety days or until a successor is appointed and confirmed, whichever comes first.
- (d) Any vacancy occurring in the commission shall be filled for the unexpired term.
- (e) Not more than a bare majority of the members shall belong to the same political party.
- (f) Members shall receive no compensation but shall be reimbursed for necessary expenses incurred in the performance of their duties. Necessary expenses may be paid in advance as per diem allowance pursuant to article 16.
- (g) A chairperson shall be elected from its membership annually.
- (h) The affirmative vote of a majority of those members present shall be necessary to make any action valid.
- (i) The commission shall have the power to establish its rules of procedure necessary for the conduct of its business, which rules shall contain the time and place of all regular meetings, and which shall specify that a quorum shall be a majority of the members to which the commission is entitled.
- (j) No person shall, by reason of occupation alone, be barred from serving as a member of this commission.

- (k) The council shall act to confirm or reject any appointment made to the commission by the mayor within forty-five days after receiving notice of the appointment from the mayor. If the council does not confirm or reject any such appointment within forty-five days, the appointee shall be deemed to have been confirmed.
 - (l) The redrawing of the council district boundaries during a member's term shall not affect a member's eligibility to represent the district to which the member was appointed.
- (2005, ord 05-166, sec 2.)

Section 2-216. Oath of affirmation.

Before beginning their duties, each member appointed shall subscribe to the oath or affirmation before some person duly qualified to administer oaths:

"I, _____ do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution of the State of Hawai'i, and that I will faithfully discharge my duties as a member of the public access, open space, and natural resources preservation commission to the best of my ability."

(2005, ord 05-166, sec 3.)

Section 2-217. Duties and responsibilities of the commission.

The duties and responsibilities of this commission are:

- (1) To develop and submit to the mayor an island-wide prioritized list of qualifying lands worthy of preservation. The commission shall give emphasis to land acquisitions where the County's contribution can be leveraged to obtain State, Federal, and/or private lands. Priorities shall be listed on an island-wide rather than district basis. The list shall include the significance of each parcel or entitlement identified, the reason for its priority, and its anticipated use after acquisition;
- (2) To update this list at any time, but at least annually by December 31 of each year;
- (3) To explore methods of funding land acquisition and make recommendations to the mayor;
- (4) To review, evaluate, and make recommendations to the director of the department of parks and recreation regarding applications for stewardship grants from the maintenance fund, within six months of receipt of each application. Recommendations shall address whether grant applicants have the ability to complete their proposed projects according to the project plan, on time, and within cost estimates, in accordance with section 10-16(h) of the Charter;
- (5) To review stewardship grant applications, business plans, agreements, and other documentation accompanying grant applications. The commission may also conduct interviews and perform site visits and other activities necessary to formulate a recommendation; and

- (6) To review stewardship grant recipient performance reports, conduct interviews, and perform site visits and other activities necessary to verify that grant objectives are being met. The commission shall forward its findings to the director of parks and recreation.

(2005, ord 05-166, sec 4; am 2015, ord 15-97, sec 7.)

Section 2-218. Prioritized list of qualifying lands worthy of preservation.

- (a) The prioritized list developed by the commission shall be submitted to the mayor for comments and recommendation. Within sixty days after receipt, the mayor will submit the list to the council with comments and recommendations. The council shall, by resolution, select the land or lands to be preserved. Under no circumstances shall the purchase price paid for a property exceed the appraised value as prepared by an independent appraiser engaged by the County. Where there are multiple lands under consideration at any one time, priority shall be given to coastal lands and lands where matching funding is available to leverage the County contribution.
- (b) Negotiations for acquisition of lands to be preserved shall occur between the County and the seller or its commissioned agent, or a licensed broker only. The commission shall have no role in the negotiations other than in its advisory capacity.
- (c) Appraisals, title reports, surveying and other costs incidental to the acquisition of land shall be permitted uses of the public access, open space, and natural resources preservation fund.
- (d) Adequate staff to carry out the provisions of this article and to manage the land acquired shall be provided in the department of finance to maximize the use of available funds by minimizing the payment of commission to outside agents to put together funding plans and to ensure that the County is a good steward of any land that comes under its control through this article.

(2005, ord 05-166, sec 5; am 2007, ord 07-21, sec 2; am 2015, ord 15-97, sec 8.)

Article 43. Budget Stabilization Fund.

Section 2-219. Creation of fund; purpose.

- (a) Pursuant to section 10-12, Hawaii County Charter 2000, a special fund to be known as the budget stabilization fund is created.
- (b) The purpose of the budget stabilization fund shall be a temporary, supplemental source of funds for the County to use during times of financial hardships while a plan for cost reduction or revenue enhancement is developed. Additionally, the fund may be used to insulate general fund programs and current service levels from:
 - (1) Revenue shortfalls to minimize the need for budget cuts or tax increases;
 - (2) A revenue reduction due to a change in state or federal legislation; or
 - (3) Slower revenue growth that typically occurs during an economic recession.

H.C. CHARTER ARTICLE 10, SECTION 10-16

Report of the Commissioners

December 28, 2017

Section 10-16. Public Access, Open Space, and Natural Resources Preservation Maintenance Fund.

- (a) The purpose of the public access, open space, and natural resources preservation maintenance fund is to accrue and use moneys for maintenance of lands and easements acquired by the public access, open space, and natural resources preservation fund. The maintenance fund will ensure that money is dedicated to preserve the land, promote public safety, and maintain a healthy stewardship.
- (b) Definitions. For the purpose of this section, the following definitions apply:
 - “Maintenance” means to preserve and conserve lands and easements acquired by the public access, open space, and natural resources preservation fund and keep them in good repair for public safety.
 - “Maintenance fund” means a separate fund that holds moneys directed from: 1) the general fund and property tax revenues; or 2) designated grants, private contributions, proceeds from the sale of general obligation bonds, council appropriations, and any other source of revenue.
- (c) There is established a public access, open space, and natural resources preservation maintenance fund (hereinafter “maintenance fund”). The maintenance fund shall be administered and managed by the department of parks and recreation. The financial aspects of the maintenance fund shall be handled by the department of finance.
- (d) Deposits due to the maintenance fund.
 - (1) In adopting each fiscal year’s operating budget, the council shall appropriate one-quarter of one per cent of all real property tax revenue (including interest and penalties) to the maintenance fund. Deposits to the maintenance fund shall occur on a quarterly basis at a minimum.
 - (2) Additional revenue deposited in the maintenance fund may consist of grants and private contributions intended for the purpose of this section, proceeds from the sale of general obligation bonds authorized and issued for the purpose of this section, council appropriations for the purpose of this section, and any other source of revenue.
- (e) Accounting for the maintenance fund; interest bearing accounts; reporting by the department of finance.
 - (1) All moneys in the maintenance fund shall be deposited in interest bearing accounts until needed. Any interest shall accrue to the maintenance fund.
 - (2) Moneys in the maintenance fund shall be identified separately for:
 - (A) Funding received from the real property tax revenue including interest and penalties; and
 - (B) Funding received from grants and private contributions, and any other source of revenue, and its interest earned, which:
 - i. Shall be itemized and earmarked for specific projects for the lands or easements.
 - ii. Shall not be subjected to the maximum accrual of funds limit provided in subsection (f).
 - (3) Financial statements shall be posted each month on the public access, open space, and natural resources preservation fund web site.

- (f) Maximum accrual limit in maintenance fund; exemption to funding.
- (1) Only moneys derived from real property tax revenue, its interest, and its penalties shall be included in the computation of the maximum accrual limit for the maintenance fund. All other moneys specifically directed to the maintenance fund shall be held separately from those moneys in the maintenance fund that originated from real property tax revenues (including interest and penalties), and shall not be subjected to the maximum accrual limit.
 - (2) The maximum accrual limit shall not exceed \$3,000,000.
 - (3) At the end of any fiscal year in which the maintenance fund holds unencumbered funds derived from real property tax revenue (including interest and penalties) of at least \$3,000,000, any unencumbered amount in excess of that \$3,000,000 shall be permanently transferred to the general fund balance.
 - (4) Exemption to funding. If the maintenance fund holds \$3,000,000 in unencumbered funds derived from real property tax revenue (including interest and penalties), then the council and the executive branch do not need to add more money to the maintenance fund until the next budget cycle. This exemption shall not release the administration from its mandatory duty to maintain and preserve lands and easements acquired by the public access, open space, and natural resources preservation fund in good repair for public safety each fiscal year.
- (g) The maintenance fund shall be used solely for public safety maintenance and preservation of those lands and easements acquired by the public access, open space, and natural resources preservation fund, and may be used only for expenditures directly related to its purpose. Expenditures by the administration or stewardship grants presumed to be directly related are as follows:
- (1) Reparation (fixing, mending, repair work, and servicing);
 - (2) Preservation (damage control, salvaging, safekeeping, and safeguarding);
 - (3) Conservation of soil, forests, shorelines, native wildlife, streams, wetlands, watershed, and floodways;
 - (4) Restoration (replacement, reclamation, reconditioning, and remediation);
 - (5) Wildfire and fire prevention;
 - (6) Repair of existing buildings to meet the current code requirements, if the building is deemed reasonable to save;
 - (7) Replacing signs to meet the current code requirements;
 - (8) Installation, repair, or replacement fencing and gate or access mechanisms;
 - (9) Installation or repair of cattle guards;
 - (10) Mitigation of flooding problems including repair or restoration of existing culverts, drainage features, or other similar flood control mitigation;

**PROCESS for PROPERTY ACQUISITION with FUNDS
from the PUBLIC ACCESS, OPEN SPACE AND
NATURAL RESOURCES PRESERVATION FUNDS**

Report of the Commissioners

December 28, 2017

Process for Property Acquisition with Funds from the Public Access, Open Space and Natural Resources Preservation Fund

Each year approximately \$5.3 million is deposited into the Public Access, Open Space and Natural Resources Preservation Fund (FUND) pursuant to Chapter 2, Article 42, Section 2-214 of the Hawai'i County Code, 1983, 2005 Edition and Article X, Section 10-15 of the Hawai'i County Charter. These funds are 2% of all real property tax revenues, including penalties and interest collected by Hawai'i County each year.

1. The public may submit suggestion forms to the Public Access, Open Space and Natural Resources Preservation Commission (PONC). **PONC suggestion forms may be found on-line at:** <http://records.co.hawaii.hi.us/Weblink8/Browse.aspx?startid=13770&dbid=1> and are due on or before the last business day of June each year. Suggestion forms received after this date will be considered by the Commission the following year. The Commission reviews all suggestion forms, including additional information submitted i.e. pictures, maps, testimony from local residents, archaeological information, real estate listings, land surveys, etc. and also welcomes public testimony at PONC meetings.
2. The Commission prioritizes a list of properties from the suggestion forms that were submitted for that year, compiles all information, creates the Prioritized List of Properties and submits an Annual Report to the Mayor each year by December 31st. **Annual Reports to the Mayor may be found on-line at:** <http://records.co.hawaii.hi.us/Weblink8/Browse.aspx?startid=13770&dbid=1>
3. Once a property is ranked on the list, a member of the Hawai'i County Council may submit a resolution to authorize the Director of Finance to proceed with negotiations for acquisition. Community members are welcome to advocate for this resolution. Once the County Council approves a resolution to acquire the property, the Commission will no longer consider the property for future prioritized lists.
4. The Department of Finance, Property Management Division (PMD) may or may not open negotiations to purchase the property. Factors affecting this decision could be: if there is a willing seller, if there is a community group that is willing to manage the property, if there are matching funds or if there are other properties that are higher priorities for acquisition.
5. The County is more likely to acquire properties that have commitments for matching funds. Matching funds maximize the purchasing power of the FUND. The best use of FUND monies is to be used for dollar for dollar matching funds. The party who submitted the suggestion form will work with the PMD and/or Council Member to seek matching funds. To date, matching funds have been obtained from U.S. Fish and Wildlife Service (USF&W), Recovery Lands Acquisition Program (for endangered species) and the State of Hawai'i, Legacy Land Conservation Program (LLCP). Sources for other matching funds could possibly be obtained from Office of Hawaiian Affairs for cultural sites and from the Federal Emergency Management Administration for flood plain or flood prone lands.

Additional Information:

Article X, Section 10-15 of the Hawai'i County Charter stipulates what lands may be purchased with these funds: *(see excerpt from section below)*

(a) Monies in this fund shall be used solely to:

(1) Purchase or otherwise acquire lands or property entitlements in the County of Hawai‘i for public outdoor recreation and education, including:

(A) Access to beaches and mountains;

(B) Preservation of historic or culturally important land areas and sites;

(C) Protection of natural resources, significant habitat or eco-systems including buffer zones;

(D) Preservation of forests, beaches, coastal areas, natural beauty and agricultural lands; and

(E) Protection of watershed lands to preserve water quality and water supply.

Expenditures for PONC Acquisitions:

<http://records.co.hawaii.hi.us/WebLink8/DocView.aspx?id=65627&dbid=1> This report shows that the County of Hawai‘i has spent \$36,823,352 to obtain land in Hawai‘i County for public use. \$27,389,268 was used from the FUND; \$7,434,083 was obtained from matching funds (USF&W & LLCP) and a private donation of \$2,000,000 from Kohanaiki Shores, LLC.

The Public Access, Open Space and Natural Resources Preservation Maintenance Fund (*administered by the Dept. of Parks & Recreation (P&R)*): There is also money available for community groups to assist the County with stewardship and maintenance of properties purchased with the FUND. The next period that P&R will be accepting stewardship grant applications will be July – August 2018.
