**Subject:** False statements by DEM Deputy Director Brenda Iokepa-Moses in Naalehu Phase I ESA, Oct. 26, 2018

Dear Corporation Counsel Strance,

As a Realtor Associate, I was licensed at Ka'u Realty about the time Brenda Iokepa-Moses claims that Ka'u Realty owned what is now the proposed site of the Naalehu Wastewater System. To my knowledge, Brenda Iokepa-Moses has never been associated in any way with Ka'u Realty.

These false statements by Ms. Iokepa-Moses implicate Ka'u Realty and its Principal Broker, Andrew Bashrum, in the ongoing Ka'u LCC Closure boondoggle.

Please take steps to address these false statements and assure us that appropriate measures are taken by County to prevent Ms. Iokepa-Moses from adversely affecting Ka'u wastewater decisions into the future with similar fraudulent statements.

Thank you for attending to these serious false statements that have led to inappropriate siting of the Naalehu facility in a flood zone and next to a drinking water well.

Sandra Demoruelle
