## **SUBCHAPTER 10**

### **SUPPLEMENTAL STATEMENTS**

**§11-200-26 General provisions.** A statement that is accepted with respect to a particular action is usually qualified by the size, scope, location, intensity, use, and timing of the action, among other things. A statement that is accepted with respect to a particular action shall satisfy the requirements of this chapter and no other statement for that proposed action shall be required, to the extent that the action has not changed substantively in size, scope, intensity, use, location or timing, among other things. If there is any change in any of these characteristics which may have a significant effect, the original statement that was changed shall no longer be valid because an essentially different action would be under consideration and a supplemental statement shall be prepared and reviewed as provided by this chapter. As long as there is no change in a proposed action resulting in individual or cumulative impacts not originally disclosed, the statement associated with that action shall be deemed to comply with this chapter. [Eff 12/6/85; am and comp AUG 31 1996] (Auth: HRS §343-5, 343-6) (Imp: HRS §343-5, 343-6)

**§11-200-27 Determination of applicability.** The accepting authority or approving agency in coordination with the original accepting authority shall be responsible for determining whether a supplemental statement is required. This determination will be submitted to the office for publication in the periodic bulletin. Proposing agencies or applicants shall prepare for public review supplemental statements whenever the proposed action for which a statement was accepted has been modified to the extent that new or different environmental impacts are anticipated. A supplemental statement shall be warranted when the scope of an action has been substantially increased, when the intensity of environmental impacts will be increased, when the mitigating measures originally planned are not to be implemented, or where new circumstances or evidence have brought to light different or likely increased environmental impacts not previously dealt with. [Eff 12/6/85; am and comp AUG 31 1996] (Auth: HRS §343-5, 343-6) (Imp: HRS §343-5, 343-6)

**§11-200-28 Contents.** The contents of the supplemental statement shall be the same as required by this chapter for the EIS and may incorporate by reference unchanged material from the same; however, in addition, it shall fully document the proposed changes from the original EIS, including changes in ambient conditions or available information that have a

bearing on a proposed action or its impacts, the positive and negative aspects of these changes, and shall comply with the content requirements of section 11-200-16 as they relate to the changes. [Eff 12/6/85; am and comp AUG 31 1996] (Auth: HRS §343-5, 343-6) (Imp: HRS §343-6)

**§11-200-29 Procedures.** The requirements of the thirty-day consultation, filing public notice, distribution, the forty-five-day public review, comments and response, and acceptance procedures, shall be the same for the supplemental statement as is prescribed by this chapter for an EIS. [Eff 12/6/85; am and comp AUG 31 1996] (Auth: HRS §343-5, 343-6) (Imp: HRS §343-6)

## **SUBCHAPTER 11**

### **SEVERABILITY**

**§11-200-30 Severability.** If any provision of this chapter or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this chapter which can be given effect without the invalid provision or application; and to this end, the provisions of this chapter are declared to be severable.” [Eff 12/6/85; comp AUG 31 1996] (Auth: HRS §343-5, 343-6) (Imp: HRS §343-6, 343-8)
