I am writing to ask the EMC to recommend to the county council that they fund a facilitator to organize meetings with stakeholders ahead of the release of the Request for Applications that is expected to come out this fall. Waiting until the RFA comes out will not allow for much time to coordinate stakeholders in the development of an application.

- Ask the EMC to recommend to the county council that they fund a grant writer for this opportunity, if R&D does not have the capacity to do so.

Recycling is vital at this time of climate change. I am hoping the lack of recycling on this island can be turned around.

Thank you,

Laura Moorehead
