Subject: EMC Meeting 9/28 testimony - VII – 1
Date: Tuesday, September 27, 2022 8:49:02 AM

Aloha Commissioners and mahalo for receiving my testimony about agenda item **VII – 1**.

I am writing to express my strong support of Jennifer Navarra and the presentation given by ZWHI on the agenda urging the commission to recommend the County go after EPA federal funding that the County can invest into our recycling and diversion infrastructure and programs on island.

Jennifer and team have done a considerable amount of pro-bono leg work thus far and are initiating a private/public partnership that can benefit the County greatly. I would urge the commissioners to head the team's recommendations including the hiring of community facilitators and grant writers.

In gratitude,

Monica Rott Stone
