While I do support forms of EPR as stated on Jan 24, 2024, I vote **no** on EMC support of HB 1688 at this time.

I believe a full explanation would be a violation of sunshine, so I will refrain from sending my statement of rationale here.

EMC Commissioners,

Please see the attached letter on HB1688.

I ask for majority consent (meaning at least 5 in favor) to approve the attached statement. Please respond by the **morning of Feb 6**, so I'll have time to submit the letter as testimony by Feb 7, if approved.
